SIR HENRY DRAYTON MINISTER OF FINANCE

NEW GOVERNMENT OF HUNGARY WANTS PEACE WITH ALLIED POWERS

Socialist Cabinet Set Up in Place of Soviet Regime of Bela Kun Asks Allies to Grant Recognition; Jules Peidl Is New Premier

Vienna, Aug. 2.—(Associated Press).—Overtures for peace with the Allies have been made by the new Socialist Government of Hungary which has been set up in succession to the Bela Kun regime.

Bela Kun, who resigned his virtual dictatorship, has been furnished a safe conduct by the Allies and is expected to seek refuge here, as it is felt that his life would be endangered if he were to remain in Budapest.

The peace overtures were made by Jacob Weltner, president of the Soldiers' and Workers' Soviet of Hungary. Arriving in Vienna from Budapest, Weltner asked Colonel Cunningham, leading representative of the Allies at Vienna, and the other Allied officials here, to recognize the new Government and to treat for peace.

The new Hungarian Cabinet is presided over by Jules Peidl, who formerly was Minister of the People's Welfare in the Count Karolyi Cabinet. The new Cabinet provisionally includes many members of the former Bela Kun Ministry. It is made up as follows:

Premier, Jules Peidl; Minister of Foreign Affairs, Peter Agoston; Minister of War, Joseph Haubrich; Minister of Justice, Paul Garami; Minister of Welfare, Alexander Garbai; Minister of Commerce, M. Dovohak; Minister of Education, Stephan Szabo; Minister of Home Affairs, Karl Payer; Minister of Agriculture, Joseph Miskich; Minister of Food, M. Knittelhofer.

A Simple Man

Premier Peidl is said to be a courageous man of simple habits. He has been a typographer, an editor and a model worker. Minister of War Haubrich formerly was chief of police of Budapest and is reputed to be an anti-Communist. Minister of Justice Garami and Minister of Education Szabo were in the Karolyi Cabinet.

Persons in touch with the situation at Budapest said it was their impression that the members of the Kun Ministry holding under the reconstruction were doing so in order to save themselves and their supporters, and they probably would not remain in office long.

Pale of Face

Vienna, Aug. 1, via London, Aug. 2.—(Associated Press).—Bela Kun, the Hungarian Communist dictator, has resigned and been succeeded by a Socialist Government, according to a telephone message from Budapest. On receipt of news from the front that created consternation in Budapest, Kun, at a meeting of the Soviet Socialists, became pale of face, and, with his back to the wall, declared: "Very well, if you demand it, I must resign. I made the best fight I could."

Manifesto

Copenhagen, Aug. 1, via London, Aug. 2.—A dispatch from Budapest today announces that a purely Socialist Government has been formed under the leadership of Herr Peidl. The (Concluded on page 12.)

COALITION PLAN TRIED IN FRANCE

Moderate Political Parties May Unite For General Election Campaign

Paris, Aug. 2.—(Associated Press).—Negotiations for a coalition of moderate political parties of France in the coming general election against both the Royalists and extreme Socialists, are reported likely to succeed. This combination would include the Radicals, Republicans, Socialists, Alliance Democratique and Federation des Gueches, whose combined voting strength in 1914 was 4,725,000 out of a total of 8,250,000, as against 1,400,000 for the Socialists, 1,300,000 for the Royalists and Conservatives and 800,000 for the Progressives.

The fundamental point in the combination platform will be "neither reaction nor revolution."

Paris, Aug. 2.—A non-commissioned officer, Sergeant de Brabant, of the cavalry, condemned to death for having maintained relations with the chief of the German secret service at Barcelona during the war, was shot this morning at Vincennes.

Britain Is Asked to Leave Troops in Archangel District

Paris, Aug. 2.—Nicholas Tschalkovsky, President of the Provisional Government of North Russia, has gone to London. He will endeavor to induce the British Government not to withdraw its troops from Archangel.

Yorkshire Miners to Vote on Question of Continuing Strike

London, Aug. 2.—The Yorkshire Miners' Council, representing more than 200,000 miners, who remained on strike, refusing to accept the Government's offer of settlement, decided today to submit to its branches the question of continuing the strike.

TROOPS MOVED TO LIVERPOOL TO PUT AN END TO LOOTING

Liverpool, Aug. 2.—There was looting and rioting here last night as a result of the strike of policemen and the Lord Mayor appealed early today to the military authorities for aid. The latter sent six lorry loads of troops from Crosby, six miles from here, all fully armed, while special constables also were called out. The looting continued in the poorer districts this morning and the Lord Mayor asked for volunteers to help guard the city.

During the day the strike spread to Birkenhead, on the Mersey opposite Liverpool, strike patrols bringing out numbers of men. The shops of jewelers, pawnbrokers and other merchants there are being looted. Loyal policemen of Liverpool made several bayonet charges and there were half a dozen arrests in the attempt to check the looters.

Fixed Bayonets. Soldiers with fixed bayonets were stationed to guard property from looting, the greater part of which occurred during the night, when many shop windows were smashed. The looters suffered most at the hands of the raiders. A large quantity of goods also was stolen from the sheds on the docks. The losses, it is estimated, will run into thousands of pounds. Some of the troops were placed on patrol outside the Town Hall and others in the Scotland Road area, where the greater part of the looting took place.

All the policemen who went on strike have been dismissed from the service. In London, London, Aug. 2.—There was some looting reported in the east end of London during the night owing to the absence of policemen who are on strike.

Six hundred and fifty-two policemen are now reported to be out at Liverpool and 333 in London, according to the Government officials. The ranks of the London strikers were said to have gained only a handful of recruits as indicated by this morning's rollcall.

BRITISH LEADS LABOR CONGRESS

W. A. Appleton Elected President of International Congress at Amsterdam

Amsterdam, Aug. 2.—At a meeting of the International Labor Congress here yesterday, the new system of voting for representatives to the new International, which provides for one vote for every quarter million workers represented, was adopted by the Congress by a vote of twenty-one to six. During the debate, Daniel Tobin, a United States delegate, contested a Swiss proposition regarding representation at future congresses. He declared that neither the United States nor Great Britain would accept any such proposition.

Tillet Spoke. Ben Tillet, Labor member of the British Parliament from North Staffordshire, pleaded with the Congress to recognize the necessity for forming a practical organization, leaving the responsibility in the hands of those who have been leaders in the improvement of the condition of workers. Mr. Tillet declared that the English-speaking countries desired to continue to participate in the Congress, but they could not do so unless proper representation was granted them.

Samuel Gompers declared that the United States must have a voice. The United States, he said, wanted no office in the Congress, but must be permitted to have a proper voice in determining who the officers will be. W. A. Appleton, secretary of the General Federation of Trades Unions (Concluded on page 12.)

UKRAINIAN PLANE SEIZED BY ALLIES

Machine Had Flown Across Carpathians and Landed at Vienna

Vienna, Aug. 1, via London, Aug. 2.—The first aeroplane to cross the Carpathians from Russia, to Austria reached here today from Ukrainian headquarters at Kamenetz, Podolia. The machine carried twelve passengers and made the 500-mile non-stop flight in seven hours.

The aeroplane was confiscated, with the money and diplomatic documents it carried, by a British officer, who notified the Ukrainian Government that he was acting in the name of the Allies, since the Ukrainian administration had not been recognized.

The Ukrainians are sending a protest to Paris stating that this was their only means of communication, as the Allies had helped the Poles to occupy Eastern Galicia.

ONLY LIGHT WINES NOW IN BELGIUM

Whisky, Gin and Other Drinks Not Manufactured Now

Brussels, Aug. 2.—(Associated Press).—The United States is not the only prohibition country, Belgium having followed suit so far as whisky, gin and other highly alcoholic liquors are concerned. Soon after the armistice was signed a law was passed forbidding manufacture and sale of such beverages.

The making of alcoholic drinks ceased almost immediately, and not much attention was paid to the rule so far as the selling of liquor in the larger places was concerned. The authorities confiscated all stocks the bars had on hand. While these stocks have been sold openly, they are said to have been secretly acquired from soldiers and smugglers. The largest hotels now are unable to stir up a single drink other than light wines.

HUTTERITES ARRIVING

Winnipeg, Aug. 2.—The Manitoba Free Press publishes a letter from H. Gerald Wade, J.P., which states that Hutterites are still coming into Canada.

Winnipeg, Aug. 2.—The Manitoba Free Press publishes a letter from H. Gerald Wade, J.P., which states that Hutterites are still coming into Canada.

RUSSIAN SOLDIERS SAID TO HAVE KILLED ODESSA JEWS

London, Aug. 2.—Semi-official Polish sources have received reports that General Gregorieff's troops, who are occupying Odessa, surrounded the Jewish quarter and began a massacre which lasted three days and nights. Russian soldiers of Gregorieff's command, it is stated, carried out the massacre. The Jews of the Ukraine and Bessarabia have proclaimed a mourning period of fourteen days.

NOW MINISTER OF FINANCE OF CANADA; SIR HENRY DRAYTON

WINNIPEG TRADES COUNCIL REFORMED

Majority of Labor Men There Stand by International Affiliation

Winnipeg, Aug. 2.—The Winnipeg Trades and Labor Council was reorganized last night by R. A. Rigg, as deputy of the president of the Dominion Trades and Labor Congress. Ninety-two delegates were present representing 5,000 workers who have stuck to their international affiliations, and it was announced that many more would be represented at the next gathering of the body. The numerical strength of the workers who had affiliation with the premier labor body prior to the split was approximately 12,000.

This is the third occasion on which reorganization of the Winnipeg Trades and Labor Council has been necessary. The last was in 1905, when A. G. Cowley was elected president.

Officers Reinstated. James Winning, president; Alderman Ernest Robinson, secretary; Councillor J. L. McBride, treasurer, and all the other old officers of the body were reinstated. This was not the case with the Trades and Labor Council, which has been depleted, and the elections to fill these vacancies will be held at the regular meeting of the body next Tuesday night.

Local 343 of the Brotherhood of Carpenters last night passed a resolution that the Trades and Labor Council as at present constituted was opposed to the best interests of the workers.

CHICAGO STREET CARS RUN AGAIN

Service Resumed After Strike; Order Is Maintained Following Race Riots

Chicago, Aug. 2.—Street car service was resumed in Chicago today after a four-day strike of surface and elevated carmen. Resumption of traffic soon followed announcement of acceptance of a wage schedule of 65 cents an hour for surface and 67 cents an hour for elevated men.

Hearings were begun today by the State Public Utilities Commission to determine what increases in fares will be necessary to pay the 17 cents an hour increase in wages. It is said a seven-cent fare on surface lines and an eight-cent fare on elevated roads will be granted. In addition to a one-cent charge for transfers may be authorized.

HONDURAS HAS NEW REVOLUTION; POINTS LOST BY GOVERNMENT

San Salvador, Aug. 2.—The Eastern part of Honduras has been in revolt against the Government of President Bertrand, according to a report from General Ferrera at Marcala, Honduras, received here today by the Diario del Salvador. The dispatch said various military positions had fallen into the hands of the revolutionists.

LETTSISH GOVERNMENT HAS ARRANGED LOAN FROM AMERICANS

Copenhagen, Aug. 2.—The Lettsish Cabinet has arranged a \$5,000,000 loan in the United States, according to a dispatch from Riga. The money will be used for the purchase of American goods.

DRAYTON IN CABINET AND CARVELL JOINS THE RAILWAY BOARD

Former Sworn as Finance Minister; Latter Is Railway Commission Chairman; Tolmie Minister of Agriculture; Burrell Remains in Cabinet

Ottawa, Aug. 2.—Sir Henry Drayton was sworn in today as Minister of Finance, succeeding Sir Thomas White.

The new Minister of Agriculture will be Dr. S. F. Tolmie, M. P. for Victoria, B. C., in succession to Hon. T. A. Cregar, who resigned. The resignation of Hon. F. B. Carvell as Minister of Public Works has been accepted. Mr. Carvell has been appointed chairman of the Board of Railway Commissioners to succeed Sir Henry Drayton. The successor to Mr. Carvell in the Department of Public Works has not yet been appointed.

Hon. Martin Burrell will remain in the Cabinet for the time being. Should he decide to retire later, it is announced, a successor will be appointed from British Columbia.

The appointments will involve three bye-elections. A seat will have to be found for Sir Henry Drayton. Dr. Tolmie will need to be re-elected in Victoria and the appointment of Mr. Carvell will entail his retirement from the House of Commons.

CONGRATULATIONS FOR NEW MINISTER

Dr. Tolmie Is Asked to Leave For Ottawa at Once

Dr. S. F. Tolmie, M. P., the new Federal Minister of Agriculture, was notified by telegram this morning that an Order-in-Council had been passed confirming the offer tendered yesterday by the Prime Minister.

Sir Robert Borden has wired to Dr. Tolmie asking him to leave for the East at once, in order that he may be sworn in at Ottawa. The doctor's plans are at present indefinite, but he anticipates an early departure for Ottawa.

Numerous messages of congratulation have been received by Dr. Tolmie. Up to 1 o'clock congratulatory messages had been received from the following:

John Weld, London, Ont., on behalf of The Farmers' Advocate.
Miss Corn Hind, Winnipeg, the well-known woman agricultural writer attached to The Winnipeg Free Press.
Professor W. J. Black, Chairman of the Dominion Soldier Settlement Board.
Dr. Frederick Torrance, Director-General of the Veterinary Department, Livestock Branch, Dominion Department of Agriculture.
Joseph A. Armstrong, M. P. for East Lambton.
George Pepper, Toronto.
C. D. McGillivray, Director of the Ontario Veterinary College, where Dr. Tolmie graduated.
W. A. Clements, Secretary-Treasurer of the Holstein-Friesian Breeders' Association.
G. H. Hutton, C. P. R. Farm and Livestock Bureau, Calgary.
Among those from British Columbia are messages from Dr. Wharnock, Deputy-Minister of Agriculture; Dr. Jagger, of Vancouver; and a number of others who have known Dr. Tolmie for many years.

FIRE STARTED IN CHICAGO BY NEGROES BURNS 100 HOMES

Chicago, Aug. 2.—An incendiary fire which the police declare was started by negroes early today swept through the district of Chicago bounded by West 43rd, West 46th, South Lincoln Street and South Hermitage Avenue, destroying 100 homes of Polish and Lithuanian employees of the stockyards and causing a property loss of more than \$200,000. Three persons are missing and a score were injured in the conflagration.

About 3,000 men, women and children have been rendered homeless by the fire and the bad feeling between the whites and negroes greatly aggravated. State troops were sent to the scene of the fire to disperse the crowds and prevent a renewal of race riots.

A number of witnesses have been found by the police who say they saw several automobiles carrying negroes with burning torches in the district shortly before the fire was discovered. The fire broke out in three sections of the district at the same time, according to the police. Telephone wires were cut. A number of shots were fired at negroes in automobiles, who it is said, were attempting to escape after the fires had been started. One negro was said to have been wounded but was carried away by his companions.

After a hasty investigation, Fire Chief O'Connor declared that the fires undoubtedly were of incendiary origin, having been started by throwing gasoline on the outside of the buildings and applying lighted torches or matches. The situation in other sections of the danger zone of the South Side was reported satisfactory to the authorities.

WHEAT IN MANITOBA BEST ON PRAIRIES

Crop Will Be Over 50,000,000 Bushels; Areas Elsewhere Suffered

Winnipeg, Aug. 2.—According to a report given out here, the areas served by the lines of the Canadian National Railways in Manitoba give promise of a splendid yield of nearly all grains, and there is an abundance of feed for stock. The areas served by the lines in Saskatchewan vary in quality of production. The only section in Manitoba that approaches dryness is in the southwest corner of the province, and this appears to extend into Saskatchewan. The central southwest about as far as Regina seems to be fair. It is probable that the yield of wheat in Manitoba will considerably exceed 50,000,000 bushels. The central areas in Saskatchewan have suffered from drought but there are large areas even there where good crops are looked for. The northeastern and northwestern districts give promise of a good crop, although again there are narrow strips of country in both of these where dry winds have wrought some damage. In central and northern Alberta, there are considerable areas where serious damage has been caused by hot winds, but in the areas where this is a fact there are considerable sections where better than a fair crop is expected. The winds seem to have had their course and the crops on either side have not been effected. This applies, broadly speaking, to the areas lying to the north of a line drawn through Calgary east and west. In the northern areas conditions seem to be more settled and more uniformly satisfactory.

REFUGEES FLOCKING TO GERMAN TOWNS

Berlin, Aug. 1.—Via London, Aug. 2.—So many refugees are arriving in every German city and village from territories taken from the former empire that communities in increasing numbers are forbidding their residence because of lack of buildings. The Government, therefore, has ordered that all communities must accept such refugees and returning prisoners of war.

TREATY SITUATION PERPLEXES OTTAWA

Giving Assent by King George Raises Portant Considerations

Ottawa, Aug. 2.—News dispatches from London, stating that the King had given his assent to the peace treaty with Germany are arousing much concern here. Just what the dispatch means is uncertain. There were two bills passed by the British Parliament. One expressed approval of the Anglo-French treaty. Under the bills the King may do everything necessary for the carrying out of the treaties. It is assumed here that the dispatches mean that the King has given royal assent to the two bills, not that he has formally ratified the treaties. If, however, the dispatches mean that formal ratifications have been deposited in Paris, a serious constitutional situation will arise. The special session of the Dominion Parliament is being called expressly to approve ratification of the peace treaty and to carry on such war legislation as may be necessary. If the King ratifies the peace treaty the session will be more or less of a dead letter except in so far as legislation to continue Orders-in-Council is concerned. "It is inconceivable to me," one high authority put it, "that formal ratifications can have been deposited without waiting for the approval of the Parliament overseas. It would be, in my opinion, unconstitutional, considering the constitution in the light in which it is regarded to-day. There would, in that event, undoubtedly be an emphatic protest from the Government and from the Dominion Parliament."

Orders-in-Council. Ratification by the King further raises the important question of the duration of the war. The War Measures Act expires on proclamation by the Governor-General that a state of war has ended, and with the Act expires prohibition against betting and other war-time Orders-in-Council. It is conceivable that the Canadian proclamation might be delayed after the formal proclamation of peace in Great Britain, but in view of the recent opinion of Sir Allen Aylesworth, former Minister of Justice, that the war ends when the King so declares, this would probably only lead to more tangles and battles in the courts to decide whether the Orders-in-Council were in force or not. So far as periods of time expressed in the German peace treaty are concerned, the treaty comes into force on ratification by Germany and by three of the principal Allied and Associated Powers, but to cite the treaty itself, "in all other respects the treaty will enter into force for each power at the date of the deposit of its ratification." There is, therefore, also the question whether ratification by Great Britain does not bring about a state of peace between the two powers without waiting for further ratifications. The question is under close consideration, and it is understood correspondence is under way with the Imperial Government to get the exact situation may be determined.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera, infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MOVING TO REDUCE COST OF LIVING IN UNITED STATES

Washington, Aug. 2.—Yesterday's developments in the efforts of the Government to reduce the high cost of living throughout the United States. The House, at the request of President Wilson, agreed to defer its planned five-week recess and consider demands of railroad employees for increased wages. The Senate again discussed increased living costs, but postponed action on the Myers resolution, proposing a reduction in currency circulation. The committee of three, appointed on Thursday to consider means of reducing living expenditures and report to the President and Cabinet on Monday, began work. The national officers of the Brotherhood of Railway Conductors conferred with President Wilson regarding increased wages and the cost of living. The House Interstate Commerce Committee reported favorably a resolution directing the Federal Trade Commission to investigate the increased price of shoes. Resolutions and bills designed to alleviate conditions of the living were introduced in both houses of Congress.

DISTRICT 18 MINERS AND ONE BIG UNION

Calgary, Aug. 2.—"We have decided not to turn anything over to the international officers," was the statement yesterday of Ed. Browne, late secretary-treasurer of District 18 of the United Mine Workers of America. This was the decision arrived at after a meeting of the policy committee and executive board of miners who have now constituted themselves into "No. 1 Mining Department of the One Big Union."

WISH MINISTERS TO SWEAR ALLEGIANCE

Orangemen Desire Priests and Ministers in Canada to Take Oath

Ottawa, Aug. 2.—The following resolution was passed at the convention of the Grand Lodge of the Orange Order of British North America here yesterday:

"That, whereas, the Department of Education in Manitoba and other Provinces compels every teacher before being granted a certificate to take the oath of allegiance to the British Empire, and, whereas, the church takes a highly important place in every community in instilling into the minds of the citizens patriotic and loyal principles, be it therefore resolved that this Most Worshipful Grand Lodge express the opinion that all persons, before being admitted as probationers or members of the ministry or priesthood of our churches, should take the oath of allegiance to the Empire."

The question as to whether Orangemen who marry Roman Catholics should in future only be suspended and not expelled from their lodges was argued at length, but the resolution embodying the amendment to suspend and not expel was turned down.

The Sunday immediately before November 11 of each year was selected for holding a memorial service under the auspices of the Order in memory of the brothers of the Orange Order who lie in France and Flanders.

Message to King It was unanimously decided to send a communication to King George V. re-assuring him of the devotion and loyalty of the Grand Lodge of British North America and congratulating His Majesty on the conclusion of a victorious peace.

The same resolution provides that a further communication shall be sent to Right Hon. Sir Edward Carson, assuring him of the sympathy of the Grand Lodge of Canada with the brethren of Ireland and renewing the offer of active co-operation and support.

Officers The following officers were elected for 1919-1920: K.W. Grand Master and Sovereign, H. C. Hocken, M.P., re-elected. M.W. Deputy Grand Master, Hon. W. D. McPherson, M.P., Toronto. Grand Secretary, William Lee, Toronto.

Grand Chaplain, Rev. (Captain) F. C. Wardwyte, Lunenburg, N.S. Grand Treasurer, Captain J. H. Thompson, Toronto. Grand Director of Ceremonies, Major T. Ashmore Kidd, Burrs Rapids. Deputy Grand Secretary, John Easton, Winnipeg. Deputy Grand Treasurer, G. G. McCready, Winnipeg. Grand Auditors, James Harper and William Chennery, both of Toronto. The next convention will be held in Calgary.

NEW TITLES CHOSEN FOR OFFICERS OF ROYAL AIR FORCE

London, Aug. 2.—King George has assumed the title of Chief of the Royal Air Force. New titles for the commissioned ranks in the air force have been given by King George, namely: Marshal of the Air, corresponding with Field Marshal; Air Marshal, corresponding with General; Air Marshal, corresponding with Lieutenant-General; Air Vice-Marshal, corresponding with Major-General; and Air Colonel, corresponding with Brigadier-General. The idea in giving the ranks is to preserve the independence and integrity of the Royal Air Force as a separate service.

CANADA'S NEW LOAN WILL BE TAXABLE

Ottawa, Aug. 2.—The coming Dominion loan, as predicted a couple of weeks ago, will be taxable. Official announcement to this effect was made by Sir Thomas White last night. Consideration was given by the Government to a proposal that there should be two kinds of security in the forthcoming issue—one taxable and the other non-taxable, but it was not thought advisable to adopt it. The rate at which the taxable bonds will be issued will necessarily be more attractive than the rate at which outstanding bonds of previous war loan issues, which are tax-free, can be purchased in the open market. The tax-exempt privilege, it is pointed out, has had a very material effect in maintaining the

high standing of the war issues upon the exchanges.

The Victory Loan Dominion Executive Committee, representative of all the provinces, was in conference with the Minister of Finance yesterday, and organization plans were prepared. The price and terms of the new loan will not be announced until October.

Winnipeg, Aug. 2.—At the conference of financial men and brokers with Sir

Thomas White and officials of the Department of Finance with regard to the forthcoming first peace loan following victory, says a dispatch to The Manitoba Free Press from its staff correspondent in Ottawa, "It was decided to issue at least \$250,000,000 of 5½ per cent. five and fifteen-year bonds." They will be taxable, adds the correspondent, but it has not yet been decided whether they will be issued at less than par or not.

SPIRITUAL REVIVAL

NEEDED, SAYS HOOVER

Gives Warning Against Apathy
In Face of World's Economic Condition

London, Aug. 2.—Herbert Hoover, head of the international relief organization, speaking last night at a dinner warned his hearers against apathy in the face of the economic conditions now governing the world.

"The world," said Mr. Hoover, "needs what might be called a spiritual revival of the spirit that won the war."

A general European coal control organization to supersede the partial control exerted through the international relief organization was suggested by Mr. Hoover. This subject will be discussed.

Mr. Hoover announced he would resign from the Economic Council on September 1 and Lord Cecil said he would cease to be a member of the Council after its present session.

Collective Purchasing.
London, Aug. 2.—Steps toward international collective purchasing of foodstuffs to check profiteering and speculation, which are declared to be rife in all countries, were taken yesterday by the Supreme Economic Council. Return to the system in vogue during the war was proposed by the British, French and Italian representatives. The proposal was referred to a committee, which will co-ordinate the plan and present it to the American Government with an invitation for its co-operation.

The members of the Council stated that they recognized that profiteering and speculation had been going on generally for some time, but the activities toward unwarranted price-raising during the past thirty days were considered alarming. This was due, the members believed, to a sharp fall in the harvest prospects in the past month. It was pointed out that there was no reason to believe there was not sufficient food to last throughout 1920, and there was no reason for the undue advance of prices.

American Co-Operation.
All the members of the Council agreed that it was necessary for the United States to co-operate in the collective buying plan, because at the present time the United States is supplying such great quantities of food to Europe that the collective system without the United States would virtually be pitting the buyer against the seller.

As the food restrictions in the United States ended with the coming of peace, and the Food Administration was demobilized, it was pointed out that Herbert Hoover, representing the United States, was not authorized to bind that country to any agreement, and for that reason it was decided to place the plan in the hands of the committee.

The members of the Council agreed, after hearing evidence on European conditions, that the nations on this side cannot and shall not, in the present social condition, be subject to further increases in the prices of necessities.

No Higher Prices.
It was maintained by some members that unless something was done the Allied nations would find themselves in a position of being able to control purchases of foodstuffs from Germany through the Reparations Commission, but unable to control the prices they themselves must pay. The members despaired of reducing prices much below the level obtaining three months ago, but they were determined, if possible, that they would not permit prices to go higher.

B. C. FEDERATION WILL BE ASKED TO DECLARE ITS STAND

Vancouver, Aug. 2.—Having outlawed the Vancouver Trades and Labor Council from the ranks of craft unions as represented by the American Federation of Labor and the Dominion Trades and Labor Congress, organizer A. Farmiloe will request a declaration of status from the B. C. Federation of Labor, it is stated by officials in the labor world here. In the event of the B. C. Federation definitely announcing loyalty to the One Big Union, the withdrawal of the American Federation of Labor and the Dominion Congress charters is predicted.

While the B. C. Federation of Labor, which is the central labor body of the Province, at the March convention held coincident with that of the Western Labor Conference at Calgary, suggested the formation of an industrial organization, which resulted in the organization, which resulted in the organization of the One Big Union, the Federation is not in a position fully to explain its standing at this time, it is declared. A referendum of the membership has not yet been taken. This places the Federation officers in a peculiar position in respect to defining the standing of the organization. It is said, for while the delegates might favor the One Big Union, the membership might not approve of cutting the Federation adrift from the American Federation of Labor and the Dominion Trades Congress.

RENNER DENIES HE WILL RESIGN

Paris, Aug. 2.—Carl Renner, the Austrian Chancellor, and head of the Austrian peace delegation at St. Germain yesterday categorically denied recent reports that the Austrian Cabinet is about to resign.

KILLED IN MEXICO.

Washington, Aug. 2.—Two hundred and seventeen American citizens have been killed in Mexico since the end of the regime of Porfirio Diaz on May 25, 1911, the Senate was informed yesterday by Secretary Lansing in response to a resolution by Senator King, Democrat, Utah. Claims filed by American citizens asking damages because of Mexican depredations during the time have totalled 942, Mr. Lansing said.

LIQUOR PENALTIES.

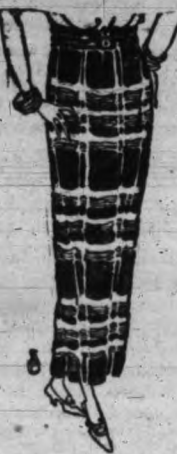

Winnipeg, Aug. 2.—During the month of July fines amounting to \$3,110 were paid in for selling or keeping liquor, while another \$1,000 went to the Inland Revenue authorities from those charged with keeping stills. A total of \$42,080 has been paid during the seven months of the year.

We have ready for your inspection a most complete range of Taffeta and Jersey Silk Petticoats, including many new and novel styles, suitable for wear with present day and early fall modes. All the wanted colors are here for your choosing. Below we make mention of two special numbers.

At \$12.90

A perfect fitting Underskirt with jersey silk top and taffeta silk flounce, in many two-tone effects and plain colors. The flounce is pleated and scalloped. Close-fitting elastic waist band. Priced at \$12.90

At \$9.75

Attractive two-tone Taffeta Silk Petticoats, in many beautiful changeable colors, with deep pleated flounce. A skirt that will give excellent satisfaction and service. Exceptional value at \$9.75

Mrs. Forbes Makes Butter

She calls it Economy Butter—and it is well named, considering the quantity she gets and the low cost of the extra butter.

To half a pound of butter add one SMALL tin of Pacific Milk, in which has been dissolved a small pinch of baking soda.

Whip till the butter has all been taken up and allow to set gradually in a cool place.

It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do.

DOMINION CABINET CHANGES.

After a comparatively short period of office in the Union Cabinet the Hon. F. B. Carvell has relinquished his position as Minister of Public Works to take over the Chairmanship of the Board of Railway Commissioners. Hence, in less than two years, the member for Carleton and Victoria has migrated from the cool shades of opposition as a private member to that of Minister in a Cabinet partly composed of his former opponents and, finally, to the comparative seclusion of a ten-year Commissioniership.

As Minister of Public Works Mr. Carvell was somewhat of an anomaly. He was an avowed foe of the public ownership of public utilities, and he took particular pains to make his position plain when he discouraged the Esquimalt drydock as a national undertaking. It was the particular emphasis with which he referred to this subject that made it difficult to understand how he could reconcile his attitude with national ownership of the Canadian Northern—agreed upon by the Cabinet of which he was a member.

However, Mr. Carvell goes to an exceedingly important position and one in which his striking ability, his fearlessness of action and his sterling integrity will still be retained in the public service. As a supporter of the late Sir Wilfrid Laurier in opposition the country will remember Mr. Carvell as a keen critic with a power of analysis which always compelled his adversaries to toe the line.

Sir Henry Drayton, who succeeds Sir Thomas White in the portfolio of Finance, is a well known figure in Canadian public life. His outstanding ability has been demonstrated by the manner in which he has discharged his duties as administrative head of the Board of Railway Commissioners, and he goes now to a field in which his special talent will find more than usual scope for its application. Whether his tenure of office be long or short, Sir Henry doubtless realizes that the control of Canada's finances during the early period of reconstruction will be far from a sinecure.

POLICEMEN'S SLOW RESPONSE.

Unless the Policemen's strike in England becomes more popular during the week-end the Union officials responsible for so drastic a move will have little upon which to congratulate themselves. Cabled dispatches to-day indicate that only a very small percentage of the Metropolitan Force has answered the strike call, while in the Provinces, Liverpool appears to have been most successful. Looting and rioting occurred in parts of London and Liverpool and volunteers were called for by the Lord Mayor of the latter city. Many of the London bobbies, however, look upon the strike with disfavor, and the action of the authorities in dismissing all those who absented themselves from duty without cause may have a salutary effect upon those who are contemplating joining in the "down baton" movement.

THE EDITORIAL VISITORS.

Instead of naming its latest Seattle-built steamship "Elkton," as originally announced, the United States Shipping Board has decided to christen her "Editor" in honor of the forthcoming convention of the National Editorial Association. The vessel in question is to be launched from the Skinner and Eddy plant on August 16, in the presence of the assembled editorial delegates. This is an exceedingly graceful act on the part of the United States Shipping Board, and it will serve as a reminder to the visitors that their gathering had a special interest for the State of Washington in general and for Seattle in particular.

It would be exceedingly fitting if the Government of this Province were to follow the example set by the United States Shipping Board, by tendering the delegates an official function of some kind. The Editorial Association's membership has a daily "audience" of somewhere in the region of 60,000,000 people and it should be worth while for British Columbia to send the visitors home well pleased with their reception here.

SHOES GOING UP IN PRICE.

According to the statement of an eastern shoe manufacturer there is a likelihood of an advance in the price of footwear within the next few months of four dollars per pair. He declared that the reason for the increase could not be attributed to the cost of labor, but to a leather monopoly controlled by the Chicago packers.

Presumably he spoke with a full knowledge of the facts when he said that a horsehide which could be bought for one dollar some time ago now commands more than seventeen dollars, and the sum that would once buy the cow is now asked for the cowhide. Of the contemplated advance labor is

expected to get twenty cents and the packers three dollars and eighty cents.

Footwear prices during the war soared to a point out of all proportion to value received. It was recognized, however, that abnormal times demanded abnormal exactions and, generally speaking, the public put up with the additional tax on its purse. But the suggestion that nearly a year after the cessation of hostilities shoes are to cost four dollars more per pair should be sufficient to warrant official action to prevent the imposition.

It is satisfactory to note that the United States Senate Interstate Commerce Committee reported favorably on a resolution directing the Federal Trade Commission to investigate the increased price of shoes. In other words Washington took just about twenty-four hours to decide upon action after the announcement made public by the National Boot and Shoe Manufacturers' Association. Is Ottawa doing anything?

LIKE A REAL CHRISTIAN?

Fredrich von Berg, a former chief of the ex-Kaiser's civil cabinet, is the latest Prussian publicist who seeks to wield the whitewash brush in defence of his ex-Royal master. Writing in a recent issue of The Berliner Aufrecht he gives his impressions gained by close association with Hohenzollern at Amerongen when the Peace Treaty was accepted by the National Assembly at Weimar.

Herr Berg describes his interview as a terribly melancholy and moving meeting, but takes consolation from the fact that the ex-Kaiser was not a broken man. "It is true his features have become sharp," he writes, "but he bears his lot like a real Christian, quietly and with dignity." He continues his apology by declaring that the fate of the Fatherland weighs more heavily upon Wilhelm than his own. His hours of bitterness come, we are told, but they are overcome in calm, quiet discussion and good feeling, "even the quiet cheerfulness of an earnest man constantly re-appears and not one complaint was uttered when it became known that the ignominious extradition clauses were accepted," concludes Herr Berg.

It would be a good idea if the ex-Kaiser were to write a treatise on how to cure chronic neuralgia by a studied application of calm, quiet discussion and good feeling. Moreover, we can imagine how Wilhelm's peculiar brand of Christianity comes to his aid when he reflects upon his crime against humanity. Even the ex-Kaiser himself must smile at the veritable epidemic of apology Teutonia which seems to have set in amongst his former pan-German satellites.

PREPARE IN ADVANCE.

According to figures compiled by the American Medical Association the influenza epidemic of last winter caused no fewer than 500,000 deaths in the United States and resulted in a total economic loss of nearly \$4,000,000,000. In view of these established facts an effort is to be made to obtain from Congress an appropriation of \$1,500,000 for the purpose of assisting scientific research in its efforts to discover a cure. It is declared by a large section of the medical world that the second and third years will probably show serious after-effects unless specific remedies can be found.

It may be that the profession is taking a somewhat melancholy view of the prospects, although that should not deter the Dominion Department of Health in promoting an energetic educative campaign against the possibility of a recurrence of the scourge later on. Many lives were lost last winter by reason of insufficient accommodation and a good deal of hardship could have been avoided if proper nursing organization had been in existence.

It was a new experience, however, added to the dislocation of war and the attendant depletion of the ranks of nurses and doctors. At the same time the ravages of influenza are now known, and it would be a good deal better for Canada to prepare for eventualities than to weep too late over the unfortunate victims that might fall prey to the epidemic if it returns.

MR. MARTIN BURRELL.

In to-day's dispatch from Ottawa it is indicated that the Hon. Martin Burrell has decided to retain his seat in the Cabinet for the time being. Should he elect to retire at a later date, however, it is suggested that a successor would be appointed from British Columbia. This Province, of course, is duly appreciative of the fact that with the selection of Dr. Tormie for the portfolio of Agriculture it will have two representatives at Ottawa. It should be remembered, however, that never before has this Province been adequately represented according to its relative importance, and it is only recently that the official mind at Ottawa has more nearly acknowledged, by its actions, that British Columbia is just as much a part of the Dominion of Canada as is Ontario.

SOME LACK.

(Little Rock Arkansas Gazette).
All that Bolshevism in Russia lacks of being a success is something for the people to eat, something to wear, and something to do.

OTHER REASONS.

(Greenville, S. C., Piedmont).
Heinie declares that he made peace because of the fourteen points. A few million bayonet points had something to do with it, also.

THE FORUM MOVEMENT.

(Fort William Times-Journal).
Surely we here in Canada can get together in mass meetings and bring pressure enough to bear to straighten out our labor problems and insist on Government action where same is needed, without quitting our jobs.

WILL AUTOCRACY ABDICATE?

(Canadian Railroad).
Employers must come to regard their business as a stewardship rather than as an autocracy, even a benevolent autocracy. Fine phrases, too, only irritate. There must be practical expression of them in the daily relations of employer and employed.

FARMERS NOW IN
POLITICAL FIELD

Saskatchewan Farmers Organ-
ize; to Co-operate With
Farmers Elsewhere

Regina, Aug. 2.—At the final meeting of chairmen of Grain Growers' Federal constituency executives and members of the executive of the Saskatchewan Grain Growers' Association, the following resolution was passed: "Whereas, at all the constituency conventions held under the auspices of the Saskatchewan Grain Growers' Association, the delegates have expressed in no uncertain terms their lack of faith in the existing political parties and their conviction that it would not be possible to secure through any of them legislation which will give effect to the new national policy laid down in the platform of the Canadian Council of Agriculture:

"Be it resolved that we proceed immediately to perfect a provincial organization for the purpose of nominating and electing representatives to Parliament free from all allegiance to any existing political parties, and who will stand for the enacting of legislation that will give effect to the new national policy. And, further, that this organization shall co-operate with similar bodies in the other Provinces for the purpose of creating a national organization for the furtherance of the principles enunciated by the Canadian Council of Agriculture; and, further, that such legislation can be secured only by organizing the supporters of the platform for the purpose of nominating and electing representatives to Parliament who will be responsible to them only, and

"Whereas the findings of these constituent mandates to their official representatives to take immediate action to complete such organization, and further, believing that such steps also would be in full accord with the awakened public conscience of the Dominion, therefore be it resolved by this, the provincial committee, that we proceed to perfect a provincial organization to co-operate with and coordinate the efforts of the various constituency committees in the nomination and election of representatives to the Parliament of Canada."

Mr. Pratt, of the United Farmers of Alberta, stated that in Alberta the farmers would raise a political fighting fund of \$250,000.

STATEMENTS MADE
BY H. H. DEWART
DENIED BY ROWELL

Vernon, Aug. 2.—In an interview given a representative of the Canadian Press here, Hon. N. W. Rowell, President of the Privy Council of Canada, who is spending a holiday at his fruit farm at Okanagan Centre, was emphatic in his denial of the statements recently made in addresses by Hartley H. Dewart, Liberal Liberal in Ontario. Particular reference was made by Mr. Rowell to the assertion regarding his attitude to the Ontario Liberal Party during the past two years, and especially the charge that he had some understanding with Sir William Hearst reference to his attack upon Mr. Dewart's attitude concerning prohibition.

"I wish to say that the statements are absolutely without foundation," said Mr. Rowell. "Mr. Dewart's statement in reference to my position in the Liberal Party in 1917, particularly that I entered the Union Government at that time in order to form a permanent Union Party and to deliver the Liberals of Ontario to such a party is equally without foundation."

Mr. Rowell added that "these statements are pure inventions of an apparently fertile imagination."

SERIOUS ANTI-JAPANESE
DISORDERS IN CHINA

Honolulu, Aug. 2.—Serious anti-Japanese disturbances are reported at Tsingtau, capital of the province of Shantung, China, according to cable advice received here from Tokyo by The Nippon Jiji, a Japanese daily newspaper. The cable added that the commander of the Chinese garrison had declared martial law.

GEN. CURRIE COMING
ON SS. METAGAMA

Ottawa, August 2.—The Militia Department has been advised that the liner Metagama, on which Lieut.-General Sir Arthur Currie is a passenger, sailed from England yesterday. She is a nine-day ship and consequently should reach Quebec August 10.

THRESHING IN SASKATCHEWAN.

Regina, Aug. 2.—Threshing of wheat on July 31 is reported from Claybank, Sask., the yield being twenty bushels to the acre, and of good quality.

Columbia Grafonolas

From the Smallest to
the Largest Models

Only a few months ago we equipped a comfortable sound-proof department for the use of Grafonola owners—to-day it is one of the most popular departments of the entire store. Unless you have visited this department, you can have no idea how pleasant it is to listen to the new records under such ideal circumstances.

To those who have not yet purchased a Columbia Grafonola we issue a cordial invitation to come and hear the many models at this store. We picture a few instruments of the Columbia family on this page, but it is only by hearing them play and inspecting their individual features that one can gain a true knowledge of Columbia superiority. The prices begin at \$32.00, \$50.00, \$75.00 to \$95.00 and higher, and convenient terms of payment can be had on any one of them.

See and Hear These Columbia Grafonolas at
This Store Next Week.

MORALE OF ARMY
OF KOLCHAK SAID
TO BE DISAPPEARING

Paris, Aug. 2.—The All-Russian Government of Admiral Kolchak is preparing to move from Omsk to Irkutsk, Siberia, and the morale of the Kolchak army is becoming so bad that there is little hope of its regaining the territory recently lost to the Bolsheviks, according to dispatches received in Paris.

The dispatches indicate that general war weariness rather than Bolshevism is weakening the Kolchak forces. The Czech-Slovak troops, which were the backbone of the army of Admiral Kolchak, have shared the general demoralization, and most of them insist on returning home, refusing to fight longer in Russia.

Recently a "Green" army of considerable dimensions was organized in Siberia as well as in European Russia. This army was recruited from both red and white armies, and pledges itself not to fight any more, saying the world war was over. It is attracting many men from the Bolsheviks as well as the anti-Bolshevik forces.

FRENCH ELECTION
AND FINANCIAL PLANS

Paris, Aug. 2.—Premier Clemenceau has given it as his opinion that consideration of the new financial proposals by the Chamber of Deputies should be postponed until after the parliamentary general election. This was brought out in a report made by Raoul Peret to the Budget Committee of the Chamber, of which Committee he is president, regarding an interview he had with the Premier on the subject of the debates on the proposed new taxes.

M. Peret said the Premier declared it had been decided to hold the preliminary elections on October 26, and that consequently it seemed to him it would be difficult for the Chamber meanwhile to examine into and vote upon the fiscal proposals.

NEW CONSTITUTION
ADOPTED BY GERMANS

Berlin, August 1, via London, August 2.—The German National Assembly at Weimar approved the new German constitution yesterday by a vote of 253 to 75. Konstantin Fehrenbach, President of the Assembly, formally declared the constitution adopted. The opposite votes came from the German National People's, the German People's and the Independent Socialist parties.

WOMAN CANDIDATE.

Toronto, Aug. 2.—Mrs. Charles George, a well-known Toronto newspaper writer known as Ida L. Webster, and whose husband is news editor of The Toronto World, states that she intends to be a candidate in one of the Toronto ridings in the coming provincial general election. She did not name the riding. Mrs. George is the first woman to announce herself as a candidate for the Ontario Legislature.

How Life Insurance
Began

LIFE insurance was humanity's "long felt want." Centuries before it was invented the need for it was felt by business men.

Away back in the year 1559 a speaker in the British House of Commons said—

"Doth not the wise merchant in every adventure of danger give PART to have the REST assured?"

As soon as the cargoes of the merchants of those days were assured the need was felt for insurance on the lives of the men who were responsible for the cargoes. The insurance of goods in transit led to the assurance of the lives of the officers responsible for the goods.

Gradually the practice of life insurance was extended to others and at last became general—some day it will be universal.

Life insurance is now available for every man and woman who is in normal health. The first life insurance company that was scientific was established in 1762 in London. It was a Mutual Company and is in existence to-day in a thoroughly sound financial condition. Its principles are those of

A BEDTIME STORY

UNCLE WIGGILY AND TOMMIE'S KITE.

Copyright, 1918, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Just as he had finished shaving off some whiskers from around his pink, twinkling nose one day, Uncle Wiggily heard some one outside his hollow stump bungalow saying:

"Oh, dear! I can't make it go up! I doubt believe anybody can ever make it go up! I don't believe it will ever go up."

The rabbit gentleman washed his face and went outside.

"Perhaps some one has an airship," he said to himself, "and they don't know how to make it call. I have had an airship so long I know a great deal about them, and it's my turn to help. I'll do what I can."

But standing on the porch of his bungalow, made from a hollow stump, Uncle Wiggily saw no one with an airship that wouldn't go up. Instead he saw Tommie Kat, the kitten boy, standing in the middle of the road, holding fast to a string.

"What's the matter, Tommie?" asked the rabbit gentleman. "What is it you can't get to go up?"

"My kite," answered the kitten boy. "I've tried and tried, but my kite won't sail up in the air."

"Let me take a look," spoke Uncle Wiggily, and when he had seen Tommie's kite, where it had fallen among the weeds, the bunny said:

"No wonder your kite won't go up, Tommie. It needs a tail to make it steady in the wind, just as a boat needs a rudder to steer it. I'll soon have a tail for your kite."

"Will it go up then?" asked the pussy boy, who was a brother to Kittle and Joie Kat.

"Surely it will," answered Uncle Wiggily. "Just wait until I make a tail."

With some pieces of cloth, which Nurse Jane Fuzzy, the muskrat lady housekeeper, found in the rag bag, and some wisps of paper, Uncle Wiggily soon made a fine tail for Tommie's kite.

"Now I'll help you fly it," said the bunny. "We'll go off in a big field. I'll hold the kite up as high as I can reach, and I'll take care that the dingle-dangle tail doesn't get tangled. Then, when I call on you to run, you must run as fast as you can and pull on the string. Up your kite will go in the air, and then you may hold the string and feel it pull."

"That will be fun!" meowed Tommie Kat.

So Uncle Wiggily took the kite and tail, and stood over in a field where the weeds grew tall and thick. Tommie took the end of the long string, which was wound on a stick, and he went down the path ready to run and pull the kite up in the air when Uncle Wiggily should give the word.

But, all of a sudden, as the rabbit gentleman was standing among the weeds, waiting for Tommie to get farther off, out from behind a big rock jumped the bad old Skeezicks.

"Oh ho! This is the time I have caught you all alone!" chattered the bad Skeezicks to Uncle Wiggily. "You haven't any plum stones to fool me with now, nor any spiced pears to bring the bees and wasps to sting me. I've got you."

"Yes," said Uncle Wiggily, sadly. "It looks as though you had. What are you going to do to me?"

"Bite all the sauce off your ears, of course," gurgled the Skeezicks. "But first what are you holding there?" and he looked at Tommie's kite with the long tail.

"That," said Uncle Wiggily, "is something my friend Tommie Kat asked me to hold for him."

"Well, you needn't hold it any longer," snapped the Skeezicks. "Here, I'll take it and throw it away."

Most impudently he grabbed the kite from Uncle Wiggily. And just then there came a puff of wind and Tommie, not seeing what had happened, because of the tall weeds, started to run and pull on the kite string, at the same time crying:

"Here I go, Uncle Wiggily! Let loose and the kite will sail up in the air with the strong wind!"

But the Skeezicks knew nothing about kites. Instead of letting go he held on and up he went—away up in the air with the kite, as Tommie pulled the string!

"Oh, wow! Let me down!" begged the bad chap. "Let me down!"

But Tommie didn't hear him, and seeing the Skeezicks dangling from the end of the kite tail the kitten boy thought it only a bit of weed that Uncle Wiggily had tied on.

Up and up the kite pulled the Skeezicks, until at last he was carried up so high, near the sky, that he got dizzy

Social Personal

F. C. Borden, of Kobe, Japan, has arrived at the Empress Hotel.

Lieut. J. J. McDonald, of Calgary, is a guest at the Empress Hotel.

W. E. Wyatt and H. W. Lasenby, of London, England, are registered at the Empress Hotel.

Mr. and Mrs. G. E. Massey, of Oklahoma City, are registered at the Empress Hotel.

Major Stewart Armour, of Vancouver, is spending a few days in the city before leaving for Ottawa.

Mr. and Mrs. J. E. Bassett, of Grand Rapids, Wisconsin, are guests at the Empress Hotel.

Miss Campbell, of the Zenana Medical and Bible Mission, arrived in the city yesterday, and is the guest of Mrs. J. T. Dickson, 1544 Richmond Avenue.

Mrs. James Angus, of Victoria, who went over to Vancouver to attend the Rogers-Cherniavsky nuptials was the guest of her daughter, Mrs. B. T. Rogers, while in the Mainland city.

Major Loughheed, who has been spending a few days in North Vancouver as the guest of his brother, Norman, has now left for Calgary, where he will in future make his home.

Mrs. J. C. Kloepper, of Vancouver, accompanied by Miss Helen Kloepper and Miss Margaret McCabe, arrived in the city yesterday and will spend a vacation in Victoria and at Brentwood.

Lieut. Gerald H. Sedger and his bride (nee Mollie Hamilton) have arrived in the city from England and are the guests of Mr. and Mrs. R. Deltry-Sedger, the Uplands.

Among the passengers who left last night on the S.S. Princess Maquina on its trip up the West Coast were Mrs. Richardson, of Vancouver; Miss Russell, of the Provincial Library Staff; Miss Taylor and the Misses E. and M. Bruce.

Miss Maud McLeod, R. N., who is retiring from the principalship of the training school of the Vancouver General Hospital, a post which she has held for the past two years, was on Thursday evening presented by her colleagues with a platinum and diamond pendant and a bouquet of roses. Dr. R. E. McKechnie, on behalf of the medical staff, presented her with a purse of gold. After an extended holiday at her home in Prince Edward Island, Miss McLeod will return to make her permanent home in British Columbia.

M. CHERNIAVSKY WEDS VANCOUVER GIRL

Victoria Guests at Wedding of Miss Mary A. Rogers Yesterday

Vancouver, Aug. 1.—St. Paul's Church was crowded to the doors at 2 o'clock to-day, when the marriage took place of Mary Angus, eldest daughter of the late Benjamin Tingley Rogers and Mrs. Rogers, of this city, and Mischel Cherniavsky, one of the famous trio of musicians who have been heard on several occasions in Vancouver. Rev. Harold King officiated, assisted by Bishop de Fencier, and the church was beautifully decorated with marguerites and palms.

The wedding party made a charming picture as the bride entered on the arm of her uncle, Colonel Angus, wearing white satin with pearls, embroidered over dress fashioned in picturesque medieval style, the graceful train shadowed by the embroidered silk veil, the same as was worn by the bride's grandmother, which, bound by a fillet of pearls round the coiffure, swept its full length. A heavy rope of pearls formed the girdle about the waist, and a pearl and diamond pendant, the gift of the bridegroom, was worn. A sheaf of lilies in her arms completed the elegance of the attire in which the bride made a charming picture.

The bridesmaids were Margaret Rogers, younger sister of the bride; little Barbara Murray, and Margaret King, all of whom wore fairy-like frocks of white nylon, simply made and finished with silver girdles. They wore silver bands in the hair and turquoise and pearl pins, the gift of the bride and bridegroom, and carried bunches of marguerites. The bride was given away by her mother. The best man was Blythe Dupuy Rogers, the bride's brother. Frank Wrigley played the wedding music, and during the signing of the register Max Selinski played Saint Saen's Andante on the violin.

After the ceremony the wedding party returned to the home of the bride's mother at 1531 Davis Street, where the couple received the congratulations of their friends. They left later for Banff, where they will spend a few weeks, returning to Vancouver before leaving on a concert tour. Among the out-of-town guests were Mrs. James Angus, grandmother of the bride; Miss Angus, Mr. and Mrs. D. James Angus, Colonel Angus, all of Victoria; Miss Cherniavsky, of Los Angeles, sister of the bridegroom, and Leo and Jan Cherniavsky, who have just reached the city from Honolulu.

ALMOST LYNCHED

It happened to a local druggist that sold a cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh—Putnam's cures the corn. Use only the best—Putnam's. 25¢ at all dealers.

and fell off. And he was bumped so hard by his fall that he didn't bother Uncle Wiggily again that day.

But Tommie's kite went away up in the air, and he was very glad the rabbit had put a tail on for him.

"And I'm glad, too," said Mr. Longears, "for if I hadn't helped fly your kite, Tommie, maybe I wouldn't have any sauce now." So this teaches us it is a good thing not to get too old to fly kites. And if the lump of sugar doesn't stay so long down in the cellar that the milk pitcher has to skate around on the pepper catter, I'll tell you next about Uncle Wiggily and the big bag.

Night 6260L

In compliment to the visiting tennis players who have been participating in the tournament this week, the Victoria Tennis Club held a very jolly flannel dance at the Alexandra Club last night, when some 350 danced to an early hour. The spacious ball-room with its embellishments of flowers and greenery and whirling crowd of dancers presented a gay scene, and the affair was unanimously voted one of the most successful of the season. Professor Heaton's orchestra, augmented for the occasion, furnished the very attractive programme of music. Shortly after eleven o'clock a buffet supper was served in the downstairs cafe where the floral decorations of the ballroom were repeated with charming effect. The club officers, including J. G. Brown, the popular president; Mrs. T. H. Leeming, vice-president; A. M. D. Fairbairn, secretary-treasurer; Miss Idens, Miss Lawson, T. H. Leeming, G. B. Kittle and M. Gordon, acting with special committee of Mrs. A. E. Hodgins, Miss Leeder, Miss Irene Long, Messrs. Cicert, Grant and E. P. Polard, spared no effort to contribute to the enjoyment of guests. Miss Harris and T. Hodgins presided at the door.

MILITARY HOSPITALS FOR CHILD PATIENTS

Canadian Red Cross Presents Hospitals to English Cities; King's Pleasure

Through the generosity of the Canadian Red Cross Society in England the two splendidly equipped hospitals at Bushey and Taplow, in England formerly used for Canadian soldiers, have been placed at the disposal of the London County Council and the Birmingham Corporation, and are now to be used solely for the accommodation of child patients.

The hospital on Crown land at Bushey park, lent to the Canadians by the King, will be administered by the London County Council. The beds and equipment of the Taplow hospital have been given to the Birmingham Corporation, and will be moved to some suitable place near that city. In addition to the hospital and its equipment, the house named Upper Lodge, in Bushey Park, has also been placed at the disposal of the London County Council, as his Majesty appreciated the difficulty experienced by the London County Council in obtaining a house suitable as a residence for the children to be trained.

King's Interest.

The following letter to Lord Downham, Chairman of the London County Council, from Sir Frederick Ponsonby, announced the decision of the King: "I have received the King's commands to place at the disposal of the County Council the house named Upper Lodge in Bushey Park. His Majesty understands that the County Council have found some difficulty in obtaining a suitable site for a residential camp for delicate and anaemic children and thinks that perhaps this particular house in Bushey Park would be suitable for such an institution.

"The house in question was lent by his Majesty to the Canadian Red Cross, and the Canadian authorities have now most generously placed at the King's disposal the huts and equipment which they used for their hospital. Under these circumstances, his Majesty has come to the conclusion that he could devote to no more fitting purpose the generous gift of the Canadian Red Cross Society.

"P. S.—I have ventured to suggest, and the King has approved, of Upper Lodge being lent to the County Council for a period of ten years, and that then the question should be reconsidered."

Col. Blaylock, Chief Commissioner of the Canadian Red Cross Society, expressed the pleasure experienced by the Society in being able to offer the hospital in the following message: "I cannot tell you how pleased we are that his Majesty has so generously made it possible for this Home at Bushey Park to be opened. It will be a source of great pride to our Society to be associated with the Sovereign of the Empire and the London County Council in the future care of London children.

"For the past four and a half years the doors of all Great Britain have been wide open with hospitality to Canadians overseas. It is gratifying for us to feel, now that we are going home, that we shall always be the hosts of some of London's children, and I am sure that it will be a tie that will bind the children of London and Canada together.

"The present generation of the Empire have faced undreamt of dangers and trials together and have pulled through to victory, but you, the children of the present generation, have many trials and hardships before you. The better the different parts of the Empire get to know each other, the surer they will be of keeping the Empire for the future—the world's leader for what is right and good.

"We look forward to the future when, as a result of what you have learnt of Canada while at Bushey, we shall welcome you across the Atlantic to make your homes with us."

For Delicate Children.

In the course of a statement to a representative of "Canada" Lord Downham said friends of education rejoiced when power was given by recent legislation to establish camps where delicate and anaemic children might be treated. Open air schools and the fortnight's holiday made possible through the efforts of the Children's Country Holiday Fund did not meet the situation and delicate children were incapable of taking advantage of education owing to their condition. Efforts had been made to obtain one of the large military camps for the purpose of an open air camp but with no result. The London County Council was delighted when it occurred to the Canadian Red Cross Society to place the hospital at Bushey including equipment and a dental clinic, at the disposal of the Council, and the Society had redecorated the hospital throughout.

For the camp added Lord Downham, the children would be selected by local Medical Officers of Health, and it was estimated that 3,000 children would pass through the camp during the year. The education of the children would be in the hands of masters and mistresses thoroughly qualified to organize games and as the first headmaster there had been chosen a former assistant master in one of their schools, in the person of Commander A. W. Buckle, of the Anson Bn., R.N.D., who had been mentioned in despatches five times and had the D.S.O. with 3 bars. The open air camp was an initial experiment, and he was sure Canadians would feel great interest in its development.

The acreage covered by the hospital is over 8 acres, beside which the children will have the whole range of Bushey Park. The value of the hospital, including equipment, is £24,000.

Together the two hospitals will provide accommodation for between seven and eight hundred children.

Major Skipper, the architect of the Canadian Red Cross Society, expressed the hope that the Provinces of Canada would show an interest in the hospitals.

Y.W.C.A. Tag Day—The local branch of the Young Women's Christian Association is arranging to hold a tag-day on Saturday, August 9. Volunteer assistance in tagging and in the general preparations would be very gratefully received, and would-be helpers are requested to communicate with the Y. W. C. A. office, telephone No. 4699.

Lady-Gracious, Mary, how can you regulate baby's bath if you don't use a thermometer? Bless you, mum! If the darling turns blue, it's too cold; if red, it's too hot!

TOURING EDITORS TO-DAY IN EDMONTON

How the Party Will Be Engaged From Portland to Agrival Here

Due to the activities of the Pacific Northwest Tourist Association in sending a delegation to Little Rock, Arkansas, to the last meeting of the National Editorial Association, Victoria will be one of the four cities to be visited by the Association during its annual convention this year. It is ten years since the editors were on the Pacific Coast.

Lieut. C. L. Armstrong, then Commissioner for the Victoria and Island Development Association, represented Victoria at the meetings in Arkansas. The party on this tour, already 200 strong, is to-day at Edmonton.

Thirty-Fourth Trip.
The Victory tour is the thirty-fourth annual trip of the touring editors. This year it has an added significance in that British Columbia is included in the itinerary, and a business session of the convention will be held here. In honor of the visit to British Columbia, President Guy U. Hardy and the members of the executive committee arranged the programme so that the annual election of officers and selection of next meeting place will be held at the business session in Victoria on August 15.

The first glimpse Seattle will get of the party will be on August 5, when the Victory special passes through Seattle en route to Portland, where the first business session will be held. The Seattle committee will be on hand to welcome the visitors, and a group of prominent women, members of the War Camp Community Service, have agreed to distribute flowers among the women of the party. There will be a chorus of community singers present to add to the festivity. Members of the Seattle committee will accompany the party to Portland.

Will Visit Rainier.
Returning from Oregon, the next stop will be at Tacoma, where the Commercial Club and Chamber of Commerce has provided a formal programme prior to the departure for Mount Rainier. The party will be through the commercial bodies, are in charge of the trip to the mountain.

Thursday night, August 14, the visitors will arrive in Seattle. Friday morning the opening business session will be held. The invited speakers for the Seattle business sessions include Gov. Louis F. Hart, Mayor Hanson, Mr. Suzzallo, and Rev. Ernest Vincent Shaylor, recently elected Episcopal bishop of the diocese of Nebraska.

Saturday morning, August 16, Skinner and Eddy will entertain the entire party at the launching of the Editor, and Mrs. Guy U. Hardy will be sponsor.

Friday evening the Seattle newspapers will entertain the visiting party at a banquet and ball, to be served at the Masonic Temple, Harvard Avenue and Pine Street. Judge Charles E. Clapp will be toastmaster.

Will Tour Seattle Harbor.
Immediately following the launching the visitors will board a special steamer and, with the members of the port of Seattle commission as hosts, will be taken for a trip over the port terminals, then through the Lake Washington canal locks and on to the eastern shore of Lake Washington, where a barbecue will be served.

Returning to Seattle late in the afternoon the ladies will be entertained at a dinner, followed by a party at the Pantages Theatre, and the men will be taken to a stag party under the auspices of the Seattle Press Club. B. L. Warford, Maverick Terrell, Charles E. Lombard and W. J. Petrain will arrange the programme for the stag.

Sunday morning the entire party will board the steamer Kitsap II, for Bremerton, and upon arrival there will be formally received by the commandant of the navy yard. The Bremerton Chamber of Commerce will be host at a luncheon. The party will return to Seattle on the steamer Bailey Gatzert at 1.30 and be met upon arrival by a committee from the Rotary Club, which will have in readiness automobiles for a ride over the boulevard system.

In the evening the members will be met by the Victoria and Vancouver delegation and conveyed here by a special G.T.P. steamer.

The programme for Victoria has already been published. It includes a business session on August 15 and a programme of drives and visits in the neighborhood.

In an infant school the teacher chose the miracle of the water being turned into wine as the subject of the usual Bible lesson.

In telling the story she occasionally asked a few questions. One of them was: "When the new wine was brought to the governor of the feast, what did he say?"

A little girl, remembering what she had heard, probably, on some festive occasion, called out: "Here's luck!"

FACE WAS FULL OF PIMPLES

For Three Years, Hard and Awfully Sore; Disfigured; Cuticura Heals.

"I had been suffering with a pimpley face for three years. My face was full of pimples and they were hard and awfully sore. They festered and dried up, and were scaly, and disfigured my face. They caused me to lose a lot of sleep, and were awfully itchy, making me scratch and irritate my face.
"I started to use Cuticura Soap and Ointment and I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) Clifford Yeomans, East Cheshamcook, N. S.

Use Cuticura for every-day toilet purposes. Bathe with Soap, soothe with Ointment, dust with Talcum.
For free sample each of Cuticura Soap, Ointment and Talcum, address: Cuticura, Dept. M, P. O. Box 5400, New York, N. Y.

TORTURED BY RHEUMATISM

"FRUIT-A-TIVES" Brought Quick and Permanent Relief

MR. P. H. McHUGH
103 Church Street, Montreal.
December 10th, 1917.

"I was a great sufferer from Rheumatism for over 16 years, I consulted specialists, took medicines, used lotions; but nothing did me good.

Then, I began to use "Fruit-a-tives"; and in 15 days, the pain was easier and the Rheumatism was better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and "Fruit-a-tives" relieved me of these complaints; and gave me a good appetite; and in every way restored me to health."

P. H. McHUGH.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent post paid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

PAYS TRIBUTE TO

MRS. GEORGE BLACK

Writer in "Canada" Reviews Work of Canadian Women Overseas

In the course of a "Dominion Day" tribute to some women war workers of Canada, Mary MacLeod Moore, a writer in "Canada," devotes considerable attention to the work of Mrs. George Black, wife of the Commissioner of the Yukon, who returned to Victoria from overseas service on Thursday.

Mrs. Black, during her long stay in the city prior to leaving for England in 1917, made many friends, who will doubtless be interested in reading of the excellent work accomplished by her. The article says in part:

"Mrs. George Black, F.R.G.S., of Dawson City, Yukon Territory, is another Canadian woman whose whole family took part in the war. Her husband, Capt. Black, and her youngest son, Lt. Lyman Black, M.C., were with the Canadians, and two other sons were with the Americans. Mrs. Black began war work in England by helping the Prisoners of War Department of the Canadian Red Cross. During the war she has been the administrator of the Yukon Comfort Fund for soldiers from the Territory, and, in addition, has been for many months a most successful lecturer for the British Y. M. C. A. Her illustrated talks on Canada have been given to soldiers to camp and in hospitals, and to miners and munition workers all over the British Isles."

British Columbians also mentioned in the "tribute" include Mrs. Alfred M. Watt, O. B. E., of Victoria, Mrs. Campbell Sweeney and Miss Poppy Macdonald, of Vancouver.

WRECKED AEROPLANE IS BACK IN VICTORIA

Pathfinder No. 1 Will Be Examined and Necessary Repairs Carried Out at Once

What remains of the aeroplane Pathfinder No. 1, which crashed in Vancouver a couple of months ago, arrived by steamer from the Mainland this morning. The damaged machine is now at the Willows aerodrome, and new work mechanics of the Aerial League will thoroughly examine the remains and estimate the repairs which will be necessary to make the machine once again serviceable.

The Pathfinder was in charge of R. Rideout at the time it crashed. The pilot, with F. Thompson, President of the League, flew to Vancouver to escort three Vancouver machines across the Gulf for a grand aerial meet which was being held in this city. As the plane was leaving the ground at Minors Park, the fire extinguisher fell from its rack and jammed beneath the rudder bar, causing the Pathfinder to sidle. It crashed to the ground and badly damaged the left wing and part of the fuselage.

Officials of the Aerial League went across to examine the wrecked machine and made arrangements to have it shipped here as soon as the sea-men's strike was settled. In the meantime the wreck was visited by many souvenir-hunters, who ripped off a number of turnbuckles and other parts. The officials of the league state that all stolen parts can be replaced. The engine, which was of exceptional quality, is in perfect order.

With the repairing of the Pathfinder No. 1 the Aerial League will have two planes at its disposal for giving stunting exhibitions and carrying passengers. At the present time the engine of Pathfinder No. 2 is being overhauled.

Arrangements have been made to have one of the machines visit Ganges Harbor on October 1 to give an exhibition in connection with the annual fair.

FALL FORESHADOWED ON RETAIL MARKET

Fall Fruits and Vegetables Now Making Appearance in Local Stores

The coming of Fall is foreshadowed on the local retail market by the appearance of many late summer fruits and vegetables. Local apples in small quantities are now obtainable, while vegetable marrow are in stock. Plums, loganberries and peaches, as well as broad and string beans, all are in full swing now. A few green walnuts to be used for pickling are displayed for sale. Such fruits as strawberries, gooseberries and currants have almost disappeared, but there are plenty of raspberries. Last year's potatoes, too, are being sold only in the very smallest quantity and have been superseded by the 1919 crop.

There have been numerous changes in food prices of late. Hay has dropped slightly, but barley and corn have gone up. Scratch feed has risen slightly as have bran and shorts.

The following prices generally prevail:

Vegetables.	
New Carrots, 6 bunches	15
New Turnips, 3 bunches	10
Local New Potatoes, 4 lb.	25
Outdoor Leaf Lettuce, 3 for	10
Green Cabbage, 5c. lb., and 2 for	15
Onions, dry, lb.	10
Green Onions, 2 bunches	10
Lettuce (head)	12
Cucumbers, each	17, 22¢
Potatoes, local, sack	215¢
Tomatoes (local), lb.	20¢
Parsley, bunch	05
Local Mint, bunch	05
Beets, 3 bunches	10
Green Peas, 4 lb.	25
String Beans, per lb.	10
Broad Beans	05
Butter Beans, per lb.	10
Vegetable Marrows	05

Fruit.	
Casabias Melons, lb.	12½
Honeydew Melons, each	40¢
Loganberries, 3 lb.	35
Peaches, basket	35
Pears, basket	40¢
Oranges, doz.	85
Watermelons, lb.	05
Red Currants, per box	15
Black Currants, per lb.	25
Raspberries, 2 boxes	45
Cherries, Ring (Cal.)	35
Novello, lb.	12½
Cherries (local), doz.	30
Cherries (local), white	15
Nuts (mixed), lb.	40
Brussels, lb.	25
Local Green Walnuts, lb.	25
Dates, pkg.	27¢
Currents, lb.	28
Pineapples, lb.	65
Muskmelons, lb.	15
Dried Apples, lb.	25
Dried Peas, lb.	25
Apples, lb.	20
Honey, lb.	40
Bananas, doz.	50¢
Grapefruit (Cal.), doz.	1.00
Lemons (Cal.), doz.	1.50
Apples, 2 lb. doz., and 4 lb.	25
Raisins, Sultanias, lb.	30
Prunes, lb.	12½

Dairy Produce and Eggs.	
Butter—	
Salt Spring, lb.	75
Cowichan Creamery, lb.	75
Govt. Creamery, lb., 5c.; 8 lb.	1.75
Cheese—	
Gouda, lb.	45
Canadian (new), lb.	35
Canadian (old), lb.	40
Canadian Stilton, lb.	40
Eggs—	
Eggs (local), doz.	50
Fish.	
Boasters, lb.	12
Crabs, each 15c., or 3 for	35
Flounders, 2 lb.	35
Red Spring Salmon, lb.	32
Cod, whole, 10c.; sliced	12½
Cod, salt, flupert	15
Fresh Black Cod, lb.	15
Finnish Haddock, lb.	30
Herring, fresh, 4 lb.	35
Herring, kippered, lb.	12
Crabs, 10c. each	15
Salt Salmon, 10c. each	15
Shrimps	30
Smelts, lb.	35
Soles, per lb.	30
Sardines, 1 lb.	25
Halibut, lb.	25
Flour.	
New Government Standard	2.85
Meats.	
Beef, boiling, lb.	27¢
Roasting Beef	28¢
Beefsteak	40¢
Lamb	28¢
Mutton, forequarters, local.	22¢
Pork, shoulders, lb.	35
Pork, loins, lb.	45
Pork Sausage, pure	35
Turkeys, fresh, lb.	40
Turkeys, cold storage, lb.	40
Beef Sausage	25¢
Feed.	
Timothy Hay	40.00 32.10
Barley	70.00 3.60
Ground Barley	72.00 3.70
Oats	62.00 3.25
Crushed Oats	55.00 3.35
Whole Corn	78.00 4.00
Cracked Corn	80.00 4.10
Feed Corn Meal	80.00 4.10
Wheat	88.00 4.10
Scratch Feed	75.00 3.90
Chick Food	5.00
Alfalfa Meal	65.00 2.65
Alfalfa Hay	45.00 2.35
Straw	15.00 1.05
Oil Meal	86.00 4.40
Bran	51.00 2.65
Shorts	55.00 2.85

Wife (at the play)—"That act was full of dry humor."

Husband (delightedly)—"I suppose that's why I am so thirsty. Excuse me a minute."

MODERN METHODS OF PIANO TEACHING

(By Gladys Scrope-Straupel)

The article entitled "Memorizing Music a Waste of Energy," appearing in a recent issue of *The Times*, should be of great interest to all students and teachers of music. Musical opinion is divided as to whether much time should be spent in memorizing on the piano. Most humans have some form of music in their make-up, struggling consciously or unconsciously to express itself; and yet, of the millions who have studied the piano, how few, comparatively, can play acceptably even a moderately difficult piece of music. It can be observed that while one method of teaching may prove successful in some cases, the same method will prove stultifying with other students of equally musical ability, in whom the painful effort to memorize is detrimental both to their technical and interpretive advancement. On every occasion that I have heard that most divine of all pianists, Raoul Pugno, he played from the score.

For the fugues and Preludes of Bach, typical of the highest ranges of musical expression, to the pleasure of a small kiddie in listening to the rhythmic sound of a stick trailed along a picket fence, from old Khayam singing in his wilderness to the latest "hit" of a Jazz Band, there lies a vast world of musical expression, myriad in its diverse manifestations, to which an attempt to apply hard and fast scientific rules is, to my mind, absolutely futile. Of course, a set of basic rules, mathematical and theoretical, are necessary in the higher forms of musical expression, how else could Beethoven have harnessed his mighty symphonies to this mundane sphere; but Science is based on deductions from proven facts, and who can say what Art is based on? Art is intangible, is as elusive as the wind that shakes the barley; it laughs at Science, for "Art is Art and Science is Science, and never the twain shall meet."

Is it not significant that the great artists invariably select "Ye Olde Firme"

Heintzman & Co. Piano

for their personal use, while en tour and in their own homes?

MUSICAL TREATMENT FOR MENTAL CASES

Miraculous Cures of Insanity Due to Effect of Music

At a recent banquet, the speaker of the evening was Dr. Walter B. Ryan, superintendent of the Hudson River State Hospital, who gave a particularly interesting address which dealt with the soothing effect of music on the insane and weak-minded and told how music and musical instruments were being applied in the asylums of the country. "To the asylums of France is due the credit of having first introduced music as a regular feature in the course of treatment," said Dr. Ryan. At the hospital for the insane near Rouen, an attempt was made, early in its history, to organize a band of music, and a chorus and so successful did it prove that the example was followed by numerous other institutions, not only in France but elsewhere on the Continent.

"Later interesting experiments were conducted in one of the New York City hospitals for the insane, twenty-seven years ago, and the claim was made that several of the patients were greatly benefited. It does not appear, however, that this was anything more than a spasmodic attempt to introduce music into the institution as a systematic part of the moral treatment."

Hospitals Equipped. "At the present time we have in our State hospitals in each ward the music of pianos and phonographs, and practically every hospital is equipped with either a band or orchestra or both. On evenings of entertainment, and especially when the regular dances are given, these musicians do much to enliven the audience, dancers and non-dancers alike. Again at times concerts are given in the different wards, especially in those in which cases of acute depression or melancholia are received and cared for. In these cases music gives promise of having a distinct value."

"Our own experience has been most gratifying in exciting the interest and allaying the irritation of patients. They are evidently influenced for good in the majority of cases, and take an intense interest in the concerts provided for them, both in the ward and in the assembly hall. Patients in other wards request the privilege of going to the one in which the orchestra is playing, and many express gratitude for the relief which the music affords them."

"A great authority, quoted by Robert Burton, firmly believed in the art, and declared it unnecessary to waste time over 'declaratory' speeches in praise of divine music, for it was the music which, beside the excellent power it hath to expel many other diseases, it is a sovereign remedy against despair and melancholy, and will drive away the devil himself."

"Next to theology," said Luther, "I give highest place to music, for there by anger is forgotten; the devil, also melancholy and many tribulations and evil thoughts are driven away." "Richard Browne tells us that he was daily enlisting the services of music in his medical ministrations. In his experience it was of greatest use in dealing with the mental affliction. He was in the habit of calling in its aid for the treatment of melancholia, mania and hypochondriasis, though he did not despise it when curing the country. To console away the morose cholic shadows and the deepest-seated vapors he had resort to the flute and the spinet. 'Music,' he declares, 'hath so transcendent a power over us as to raise or depress the passions of the mind, rouse or calm the motion of the spirits, accordingly as the sounds, differently modulated, differently touch the auditory nerves.'"

"In briefly summarizing the results of experience, I would say that we have in music an element of moral treatment in the care of the insane that we cannot afford to neglect. It is within reach of all hospitals for the insane to provide systematic musical entertainments, and I am glad to say that those institutions which care for the insane in this state are progressive along this line."

PRINCE AT CONCERT

Royal College of Music Festival Concerts Attended by President, Prince of Wales.

London.—The distinctive feature of the third of the Festival Concerts at the Royal College of Music was the presence of the Prince of Wales, who has recently accepted the office of President, which was held by his father and his grandfather. He arrived during the interval, and took his seat in the centre of the gallery to the strains of "God save the King" and an accompaniment of cheers and applause. At the close of the concert he made a short congratulatory speech.

The concert was choral and orchestral. The second part, which the Prince heard, began appropriately—almost topically—with Sir Charles Stanford's "Song of Asaph," now played for the first time in the revised version. It is one of the best specimens of his later style. Then followed a solid excerpt from "Hawatha," perhaps the most familiar work produced by any composer connected with the College. At the end came Sir Hubert Parry's impressive "Jerusalem"—a setting of Blake's "And did those feet in ancient time," which was sung at the composer's funeral in St. Paul's. The audience joined in the singing of the second verse.

OSCAR HAMMERSTEIN DIES IN NEW YORK

Impressario Introduced Grand Opera at Popular Prices Into England

Oscar Hammerstein, the well-known impresario, died last night at New York at the age of seventy-two years. He had been lying ill for some weeks and for the past three days his life had been despaired of.

A German by birth, Hammerstein was born in Berlin in 1847, but at the age of sixteen years migrated to America, where he had made his home for the remainder of his life. His entry into the theatrical world was made in 1868, when he wrote and produced three one-act comedies in the German language. This venture, proving successful in New York, he launched upon his career as a theatrical manager in 1870, when he became the lessee and manager of the Stadt Theatre in the metropolis. Later he turned his attention to the production of grand operas, and to this end built the Hammerstein Opera House in 1880, and subsequently erected the Manhattan Opera House, Olympia Theatre, Victoria Theatre, Balcon Theatre and the New Opera House.

Perhaps his best-known venture was the building of the London Opera House, in Kingway, London, undertaken by Hammerstein in an endeavor to place before the people of London grand opera at popular prices. Unfortunately, while the undertaking achieved success for the first few months, it was eventually wrecked by the fact that the popular taste in England was not along the lines of grand opera.

One outstanding feature of the Hammerstein regime was the ever-changing line of accepted theories as to prima donnas. Convinced that the public was tired of the prima donna of uncertain age and more certain avoirdupois, Hammerstein created a sensation by introducing a very youthful and hitherto unknown singer, Felice Lye, into the role of Marguerite in "Faust." Her success was phenomenal, and she was received with acclaim by the London critics and the public. But even her youthful charm and fresh young voice were insufficient to make a success of Hammerstein's venture, and after a hard struggle against overwhelming financial difficulties, the theatre was closed. Latterly it has been used for the presentation of the ubiquitous "movies."

Mr. Hammerstein leaves a daughter, Elaine, who has achieved considerable success in England and America as an actress in musical and light comedy.

PUCCHINI MAY WRITE SHAKESPEARIAN OPERA

Composer of "Madame Butterfly" Considering Subject For New Year

Signor Puccini, who is perhaps best known as the composer of the operas "Madame Butterfly" and "Manon," was a visitor in London, England, recently, and the following account of an interview with him appeared in *The London Daily News*. "A very distinguished visitor left London yesterday after a stay of about three weeks; but his presence was known only to comparatively few, for, contrary to the habit of most celebrities, Signor Puccini avoided all public appearances, though he had been asked to conduct one of his operas, and had evaded the blandishments of scores of interviewers. It was possible, however, to bring arguments to bear on him which even the most story-hearted composer could not resist. He spoke to me very shortly before he left, and he had a good deal to say that is of special interest to English readers."

"It is not about English music, because, as he said, he has no special authority to speak on the subject. It was about his next opera. When I saw him last before the war he said that his next work would be on an English subject, but the fates decided otherwise; and he wrote his three one-act operas (which were to have been given here) and 'Le Rondine.' This we may hope to see here some day soon, but that is another story."

His Ideal. "An English opera is still his ideal. In 1914 he had spoken of Shelley's 'Cenci,' but he has abandoned the idea. He wants a subject with a little relief to the gloom. He is hesitating between a libretto taken from Shakespeare and a Dickens' opera—'Much Ado' appealed to him greatly at one time, and 'The Old Curiosity Shop' tempted him; but an opera on that subject by a young Italian musician, named Landi, has been written, and he thinks one opera on the same subject is enough, especially as the one already done shows great talent."

This brought him to speak of Italian composers in general. He mentioned a good many, but was chary of expressing opinions, as he does not know the music very well, but he did say that he has high hopes of Respighi. He is not unknown here."

VIOLONCELLO

MISS MAUDE SCORBY, A.R.C.M., L.B.A., L.S.M.

Address: 221 Burdett Ave., Victoria, B. C. Telephone 6242

Retiring President

FRANK J. SEHL

who resigned the presidency of the Arion Club, at the annual meeting held on Monday last.

for it is he who arranged Rossini's music in 'La Boutique Fantasque' at the Alhambra.

Watch Tower. During the war he has not been living at his country house, because he could not have a car, but in the town of Viareggio, and he has missed his wild duck shooting. He has just bought a new place. I call it 'place' advisedly, for it is neither house nor castle nor cottage. It is an old tower, built by the Spaniards on the coast about two hours from Rome, which had been used during the war as a watch tower. He has bought it from the Government, and he is as pleased with it as a child with a new toy. Its name is Torre della Tagliata, and it is near the town of Ansidonia, in a district famous for Etruscan relics, in which he now takes a lively interest. It is over two miles from the nearest house, and the post reaches it irregularly. Here he is going to work all the winter at his English opera, and to shoot in the marshes, which are near by.

A Silver Wedding. "Next year he will be in London again to celebrate a silver wedding, as he said, by which he meant that it would be twenty-five years since his music was given here for the first time. But as a matter of cold fact, this was in 1894. The first opera of his that we heard was 'Manon,' and since then he has gradually become the most played operatic composer in this country, and, indeed, in all the world, from China to Peru—not metaphorically, but actually. How and why this is, this is not the place to discuss, but in this connection an interesting fact, which he mentioned may be put on record. "When Italy joined the war he was drawing royalties from no fewer than 245 opera houses in enemy countries. In Austria, he has been told, and in Hungary, his operas have been performed all through the war. This is surely a unique record."

GENERAL TO MISS FAMOUS FIFTH BAND

When Sir Arthur Currie Returns Other Musicians Will Welcome His Homecoming

The band which played away Sir Arthur Currie when he left Victoria for the Great War will not be there to welcome the famous general on his return. Last fall circumstances proved too much for the Fifth Regiment band. It was demobilized after four years of great service during war time, and long years of previous community service in Victoria. Some of the factors undoubtedly which contributed to the end without that expression of regret which would have certainly anticipated its demise were the advent of the influenza epidemic and the expectation that it would be easier to fill the position of a military band than has been anticipated.

The epidemic prevented farewell concerts being held, and so the passing came without public reminder, while the public scarcely appeared to realize how large a place the band had come to play in the life of the community until it was no more. Circumstances of another character, throwing a sidelight upon one valuable service the Fifth Regiment band performed, have recently come to light. Its attendance at military funerals has been missed, so much so that some of the veterans proposed to establish a band. They were deterred when they learned that it was not the intention of the Government permanently to dispense with a military musical aggregation in Victoria, and it was contemplated that the Fifth Regiment was to be restored to its former usefulness. However, that expectation has not yet materialized, and Victoria is without a band of the same character as the Fifth. Its musicians have been engaged elsewhere, and it would not be easy, in the opinion of those who formerly were members of the Fifth band, to get together men animated with the same ideals and musical enthusiasm without a great deal of difficulty. One of the most hopeful signs is the fact that the general demobilization has enabled the return of a large number of former bandmen who may yet be seen in a common uniform helping to fill the niche so long occupied by the famous Fifth band.

Our duty is to see that the rising generation shall absorb a real love for good music. Urge them to hear it whenever possible, but urge them still more to take part in it, for in the making of music lies its greatest joy.

Clearance of Slightly Used Pianos

We are offering a few choice bargains in Slightly Used Pianos at extraordinary low prices and terms to suit your purse.

A splendid Steck Grand, rosewood case; beautiful tone. Slightly used large Mendelssohn Upright Piano, mahogany case. Henry Herbert Piano, walnut case, in excellent order. Small Broadwood Upright Piano; suitable for beginner.

These instruments were taken in exchange for new Willis Pianos, and will be sold at prices that will astonish you. We will be willing to allow full price on one of these instruments as part payment on a new piano at any time within twelve months.

Store Closes at 6 p.m. Saturdays.

VETERANS ORGANIZE THEIR OWN BAND

J. N. Miller, of Pantages Theatre, Will Have Charge of Band

returned soldier's band, and immediately increased its activities to have one formed. J. N. Miller, of the Pantages theatre, will have charge of the new band and it is expected that it will be one of the finest musical organizations in this city. The first practice of the band is to be held to-morrow morning in the G.W.V.A. rooms. Very soon the new brass band will make its appearance on the streets.

THE CHURCH ORGANIST.

Church organists in England receive, on an average, a salary of \$250 a year. In the "movie" theatres in the English cities the organists are paid from \$30 to \$50 a week. "If the churches were to pay their organists better," observes the *Daily Chronicle*, "the standard of music would soon go up, but when an organist is not offered a living wage he cannot be expected to give his whole energy and time to church work, and the result is to be found in our services."

The Toronto Conservatory of Music

SIR EDMUND WALKER, C.V.O., President. A. S. VOGT, MUS. DOG., Musical Director.

The Most Splendidly Appointed School of Music in the Dominion.

A Well-equipped Residence for Young Women Students. Faculty of International reputation. Unrivalled opportunities for the thorough training of professional and non-professional students. The Conservatory's Local Examinations in Music, conducted annually throughout Canada, constitute the most progressive and valuable standards of efficiency of any musical examinations now before the Canadian public. Conservatory Year Book, Syllabus, Women's Residence Pamphlet, and Calendar of the Margaret Eaton School of Expression sent to any address on request.

In Camp--

The entertainer that never tires, and one you will never become tired of listening to, is that peerless little camp model Victrola. Take it with you when you go camping—it is so light a child can carry it—stow it in your automobile or boat and you'll never notice its presence.

Come to our store this week and select one of these splendid little instruments. Prices are

University Returned
Soldier Students

The University of British Columbia has provided means whereby those students in Applied Science who enlisted during their University course or during their matriculation year and have intentions of proceeding in the fall, may resume their studies during the summer months. This provision has been made at the suggestion of returned soldier students who are desirous of completing those studies which were interrupted by enlistment, so that regular courses may be continued without undue difficulty.

TO CONSIDER PLANS
FOR PRINCE'S WELCOME

Gathering of Representatives Will Be Held Here Tuesday

A preliminary meeting with the object of considering suggestions in hand for the reception to the Prince of Wales and to receive other ideas, has been called for next Tuesday afternoon at 5 p. m. by the courtesy of the Victoria and Island Development Association at the offices, Belmont Building.

The date coincides with the Home Products Week, and it has been suggested to F. Westley Newton, honor secretary of the reception committee, that a Royal Week should be held here.

In his circular to local bodies Mr. Newton says: "Some preparation will have to be made for the reception of the Prince. Many visitors are expected. It would, therefore, be a golden opportunity to make Victoria a city of attraction and entertainment for that week."

Congregational Church Garden Party, Wednesday, August 6, 2064 Marion Street. Fancy work, home cooking, teas, etc., musical programme. Take car No. 9 or 11; alight at Fowl Bay Rd.

Street Car Case Remanded.—The charge against the B. C. Electric Railway Company for permitting a street car to travel at a greater rate of speed than ten miles an hour was remanded in the police court this morning until Tuesday next.

Civic Service Picnic.—A large basket picnic is being planned by the members of the Victoria Branch of the Provincial Civil Service Association for Saturday, August 23, at Deep Bay. An energetic committee is now making necessary arrangements, and the prediction is being freely made that this will be one of the largest and finest picnics held by any organization in this city.

Good Prospects for Seed-growing.—C. G. Davis, managing director of Ryder & Sons, seed specialists of St. Albans, England, who is at present visiting this city, expressed himself very favorably with the prospects of seed-growing on Vancouver Island. He claimed that the climate was admirable and the soil eminently suited for the work. Ryder & Sons have strongly supported seed-growing on the Island.

PRITCHARD WIND
DEFLECTORS

These deflectors protect the occupants of the car from dust and annoying winds. They add a note of distinction to any automobile. They are simple in design and construction; they do not obstruct the view.

WANT A RESERVOIR
FOR VICTORIA WEST

Residents Do Not Desire Their Water Turned Off Again

The establishment of a reservoir or stand pipe in Victoria West, to be used for emergency purposes only, was urged upon the Streets Committee of the City Council yesterday by a deputation from the Victoria West Brotherhood. The deputation advocated this plan in view of the recent occasion when the district west of the Harbor was left without water, and consequently without fire protection for nearly twenty-four hours.

Mayor Porter informed the deputation that the city sympathized with its contentions and regarded the turning off of the water recently with considerable dissatisfaction. As a matter of fact, he himself was taking the question up with the Esquimalt Waterworks Company with the hope of preventing a recurrence of the incident.

DR. PLASKETT SPEAKS
AT SUMMER SCHOOL

Solar System Described Yesterday; Navy League Officials Addressed Teachers

In the course of an interesting address on "Our Solar System," Dr. J. S. Plaskett last night imparted to the students at the Summer School his views on the much-debated question of whether Mars is habitable or not. In support of his theory that there is no Martian race he said, "Mars was not likely to have sufficient heat to maintain animal life, and the lines that look like canals may more easily be explained as natural cracks in the planet's surface."

With the aid of photographs, drawings and charts thrown on the screen the relation of the planets to the earth, the sun and the moon were shown. In furtherance of the lecture, the students will this evening visit the Observatory at Saanich, where Dr. Plaskett will explain the workings of the instruments.

The aims and objects of the Navy League of Canada were explained to the students yesterday afternoon by Mrs. C. D. Neroutos, Educational Secretary of the Provincial Branch, and H. F. Helmsing, provincial secretary of the League. Mr. Helmsing, appearing to the teachers for their cooperation in bringing before the rising generation a true and just appreciation of the value of the Empire's sea power. In order to inculcate a true sense of patriotism into the "citizens of to-morrow" he suggested that every school should have a daily ceremony of saluting the flag. Mr. Helmsing also dealt at length with the work accomplished by the navy and mercantile marine of the Empire.

Mrs. Neroutos outlined the educational plan of the League and showed copies of the pictures which the League is placing in the schools of the Province. At the close many of the teachers manifested their interest by making application for the pamphlets of the League and expressed their willingness to co-operate in its educational policy.

Summer School students are at Brentwood this afternoon.

MAY GIVE OFFICIALS
JOBS IN TREASURY

It is just possible, Mayor Porter stated this morning, that the officials who were dismissed from the Waterworks Department recently and about whose dismissal the Civic Employees' Association protested, will be given work in the Treasury Department before long.

"We would like to give them all positions," observed the Mayor, "but we have to consider the claims of the returned men, I hope, however, that in certain reorganization which may have to be made in the Treasury Department the men recently dismissed may be given employment."

WILL NOW HAVE TO
PAY AS INDIVIDUALS

The time during which Saanich and Esquimalt municipalities were given to agree to the city's tax concerning the upkeep of the Victoria Public Library has now expired. No agreement has been reached, and the civic authorities are not aware that any action has been taken by the municipalities to effect a workable arrangement. If the city's original plan is carried out the residents of the two municipalities who use the Library forthwith will have to pay for the privilege as individuals. Oak Bay has agreed to pay for its use of the institution.

City Treasurer Explains Soldiers' Delinquent Tax Position

Supplementing the discussion on soldiers' tax delinquency when the delegation from the Great War Veterans' Association waited on the aldermen yesterday afternoon, the following data from the City Treasurer with regard to soldiers' tax and the Relief Act No. 2 has been submitted to the Civic Finance Committee:

"Every soldier has the privilege of paying arrears of taxes prior to expiration of twelve months after the termination of the war in ten annual payments and as many have and are now receiving the gratuity allowance from the Dominion Government. I find a disposition on the part of some to take up the payment of arrears of taxes, but several have stated they think that at least equally as good terms should be given them upon their return from the war as were given to civilians."

"I do not find any power to give a discount of 5 per cent. when payment of the balances of soldiers' capital sum is made, although this is given to others who took up the ordinary capital sum plan."

"Those who paid by May 28 all arrears to the end of December, 1917, were allowed under the Act, as amended, a discount of 10 per cent. of the general taxes and 50 per cent. off the interest on both general and local improvement taxes and there seems to be a desire on the part of soldiers that they be given the same chance, only that instead of up to end of 1917 that the period of arrears should be extended as up to the time of making payments. If your committee think there should be some notice taken of these matters I shall be pleased to receive your decision in the matter."

STOMACH TROUBLE

Comes When the Blood Is Weak and Watery

This blooded people generally have stomach trouble. But they seldom recognize the fact that thin blood is the cause of their indigestion, but it is.

Thin blood is one of the most common causes of stomach trouble; it affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this state of health nothing will more quickly restore the appetite, digestion and normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. The first sign of returning health is an improved appetite, and soon the effect of these blood-making pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are strong and vigorous instead of irritable and listless. You are on the road to sound, good health and care in your diet is all you need. If your appetite is feeble, if you have any of the distressing pains and symptoms of indigestion you should begin to cure yourself at once by taking Dr. Williams' Pink Pills.

These pills are sold by all dealers in medicine or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ENDORSE MATHERS' REPORT

Meeting of Employers' Association Discusses Important Clauses of Finding

Endorsement of a number of the recommendations of the Mathers' report was given by the Vancouver Island branch of the Employers' Association of British Columbia at a meeting held yesterday afternoon at the Empress Hotel.

The employers viewed with approval the principles of fixing a minimum wage and the establishment of an eight-hour day, state insurance against sickness and old age and the unifying of the laws relating to labor in the different provinces. Endorsement was also given to collective bargaining as suggested in the Mathers report.

N. G. Neill, manager of the association, addressed the meeting, and dealt with the findings of the commission.

A committee of three was appointed to prepare a statement on the opinion of local employers in preparation for the industrial conference to be held at Ottawa on September 11.

The President of the local branch is J. G. Cameron, and at yesterday's meeting, T. J. Goodlake was elected secretary. The office is at 8 and 9 Winch Building.

The next meeting will be held on August 16.

Gordon's, Ltd., to Celebrate Early Closing.—The staff of Gordon's, Ltd., have arranged to celebrate the inauguration of the Saturday early closing system with a "marshmallow roast," to be held at Cadboro Bay this evening. W. W. Ballard and E. Gamlin, the two local officers of the company, with their wives and children have been invited as the guests of honor to participate in the festivities. The party will leave the B. C. Interurban Depot shortly after six o'clock for Cadboro Bay, accompanied by a large stock of marshmallows in the form of

AUTOMOBILE NEWS

AT HOME AND
FROM HOME

drove NASH CAR TO TOP OF PIKE'S PEAK

Glowing Tribute to Car After
Long Tour Is Made By
D. P. Cutler

Crossing the country during a rainy period in a drive from Rockford, Ill., to California, D. P. Cutler emerged from the sea of mud an ardent advocate of good roads and an enthusiastic admirer of his Nash Six, which carried him and his family through with only one stop on the road—a stop to change a spark plug. This message comes to J. E. Eve, local Nash distributor.

"More could not be asked of any car than has been delivered by this," said Mr. Cutler in a letter, "and if our return to Rockford is nearly as smooth as the trip out we will take off our hats to the Nash Six."

"Our car has done everything we have asked of it and a little bit more. Out here in California our engine purrs along over the roads and fairly eats up their steep grades. It is a wonderful experience to be able to cross the country from Illinois in twelve days—a trip that took pioneers six months or more. We have looked the country over, from the top of Pike's Peak driving our Nash to the top—an altitude of 14,109 feet. We have looked down into the canyon of the Colorado, a sheer drop of over 6,000 feet."

"In fact, the only time our Nash hesitated was when we shoved its nose up to look down this awful depth. Through sunshine and rain, over good

roads and bad, through conditions that at times were appalling, we have at last arrived in the land of eternal sunshine.

"We did not reach the celebrated asphalt roads of California until within thirty miles of San Bernardino, where at Cajon Pass we drove up, over and through the mountains on asphalt roads with easy grades that can be negotiated 'on high.'"

"To say we are enjoying our trip is putting it mildly. But, after all is said and done, it is road conditions that determine the staying qualities of a car."

'CYCLE DEALERS' PICNIC

Plimley & Ritchie's Employees Have
Splendid Time at Cordova Bay.

The entire staff of the bicycle firm of Plimley & Ritchie, Limited, celebrated at Cordova Bay on Wednesday afternoon.

Cameron & Caldwell's big tally-ho presented an animated appearance as it pulled away from the View Street store with its happy load of 35 or 40 people bound for the picnic grounds.

Dinner was served on arrival at the beach and the afternoon spent in various amusements and games in which both ladies and gentlemen participated.

During the evening speeches were made complimentary to the management and a vote of appreciation moved by Mr. Bryant, foreman, and seconded by Mr. Provis, was adopted, this was followed by three cheers and a tiger.

Mr. Ritchie replied in behalf of those in control, and pointed out that the success of the business depended as much on the efforts of the general staff as on the efficiency of those at the head of affairs, and he stated that the progress made by the firm was the result of the hearty co-operation of all, in their aim to give to the cycling public of Victoria, the very best service possible.

The merry party arrived back in the city about 10 o'clock in the evening.

CORD TIRES USED ON SMALLER MACHINES

At First Only Some Autos Were
Equipped; Goodyear's Meet
Situation

Now that pneumatic cord tires have made such a big place for themselves in the automobile world and have come to be regarded as the best type of tire so far developed for automobile use, much interest centres in the story of the development of this type

of automotive vehicles, strenuous efforts are being put forth to increase output.

It is announced that General Motors has just completed financing which places it in a class with the United States Steel Corporation, the only other billion dollar organization in the world. Its total output this year will probably exceed 500,000 motor cars of which more than 200,000 cars will be turned out by the Chevrolet units. The Buick, Oakland, Oldsmobile, Scripps-Booth and Cadillac plants will combine in producing the other 300,000. Present plans contemplate the expansion of the Buick plants to a point where 1,000 cars a day can be shipped.

Studebaker will spend \$8,000,000 on improvements and additions to plants this year. This will probably make possible the completion of the great new plant at South Bend which will give employment to from 12,000 to 15,000 men and women. Its capacity will be about 600 cars daily.

Stockholders of Packard Motor Car Company have voted to increase the capitalization from \$21,000,000 to \$50,000,000. At present only part of the authorized increase is to be issued, \$7,500,000 preferred stock being sold first, proceeds to be used to take care of \$5,000,000 debenture bonds which mature October 15.

Haynes Automobile Company will increase its capitalization from \$3,500,000 to \$5,000,000. A large new factory is to be erected and it is expected production will reach 15,000 cars a year. The Reo Company is making additions to its plants and expects to employ about 1,500 more men.

Makers of the Paige car are spending \$400,000 for plant equipment and other improvements which will increase output by about twenty-five per cent. The Paige Company now turns out 125 pleasure cars and trucks daily. When additions are completed factory will have a daily capacity of 175 passenger machines and 75 trucks.

Continental Motors Corporation expects to increase production at its Muskogee plant by one hundred per cent through the expenditure of \$1,000,000 for the erection of a new power plant and factories. Modern equipment will replace the machinery in the present buildings.

Much information on the road problem has been gathered from the remarks of A. W. Campbell, Dominion Highway Commissioner. He says in part: "There is as much engineering in building a gravel road as in building a high class road. The careful engineer is not the one who wishes to make the greatest show of expensive pavements. The foundation of the road is the only part of a road which can be made permanent. The foundation should be built so it can be surfaced and resurfaced. If you build a good foundation, well located, well drained, and well graded, after twenty years' use you will be able to raise any amount of money desired to put any surface required upon it how ever expensive it may be, as the people will then know the benefits of the road."

"Judgment, care and caution should be exercised. If you want to get ideal specifications they can easily be had. I would like to warn all those in charge of road improvements with a view to getting assistance other than the assistance that you have at present that you should design cautiously, construct efficiently and maintain by careful attention to protect the investment which you have put into it, whether for common earth road, or for building the ideal high class and high finished road."

"Build your bridges and culverts substantially and get them off your hands for all time."

Goodyear cord tires are now used by all the important automobile racing drivers and hold all the world's important speed records.

MOTOR COMPANIES PLAN EXPANSIONS

Programmes Announced by
Several of Large Automobile
Companies

Rapid expansion of the automobile industry in Canada is coincident with that of the industry in the United States. There was work during the past two years held up development, but now, with the unprecedented demand for cars, trucks and other forms

of automotive vehicles, strenuous efforts are being put forth to increase output.

It is announced that General Motors has just completed financing which places it in a class with the United States Steel Corporation, the only other billion dollar organization in the world. Its total output this year will probably exceed 500,000 motor cars of which more than 200,000 cars will be turned out by the Chevrolet units. The Buick, Oakland, Oldsmobile, Scripps-Booth and Cadillac plants will combine in producing the other 300,000. Present plans contemplate the expansion of the Buick plants to a point where 1,000 cars a day can be shipped.

Studebaker will spend \$8,000,000 on improvements and additions to plants this year. This will probably make possible the completion of the great new plant at South Bend which will give employment to from 12,000 to 15,000 men and women. Its capacity will be about 600 cars daily.

Stockholders of Packard Motor Car Company have voted to increase the capitalization from \$21,000,000 to \$50,000,000. At present only part of the authorized increase is to be issued, \$7,500,000 preferred stock being sold first, proceeds to be used to take care of \$5,000,000 debenture bonds which mature October 15.

Haynes Automobile Company will increase its capitalization from \$3,500,000 to \$5,000,000. A large new factory is to be erected and it is expected production will reach 15,000 cars a year. The Reo Company is making additions to its plants and expects to employ about 1,500 more men.

Makers of the Paige car are spending \$400,000 for plant equipment and other improvements which will increase output by about twenty-five per cent. PLAYS BIG PART IN LUMBER ENTERPRISES

Federal Truck Makes Possible
New Scheme of Lumber
Production

"The lumber business is one that requires lots of haulage. From the tree to home and office, trucks are now playing an important part in the building of nations," says Walter Revercomb, of the Revercomb Motor Company, local distributors for Fed-

eral trucks.

"Recently a lumber company decided to cut a piece of timber in the mountains. The lumber was sawn rough on the spot and then hauled down to the shipping station. A few years ago this would have necessitated building a narrow gauge railway, which would have been very expensive and practically useless as soon as that timber was hauled out."

"In considering the question, the company thought of trucks. They purchased two Federal 3½-tonners on trial. The work done by these trucks was so satisfactory that they purchased eight more. Trucks of 1½-ton capacity hauling a four-wheel trailer were able to haul 5,000 feet of lumber at a trip. Federal trucks were found to pay well on the big job."

"Motor trucks have developed a new phase of the lumber business. For instance, the Curtis & Russell Logging Company of Chehalis, Washington, have opened up new possibilities in the logging business by the use of Federals. Whenever a farmer in Washington within a radius of fifty to seventy-five miles has four or five trees on his land which he wishes to dispose of, and which are so isolated as to make it too expensive to reach by a logging road, Curtis & Russell Company will buy the timber on the ground, log it and haul it away with a Federal truck."

"They have hauled as high as 15,000 feet of timber on their truck and trailer in a day."

"The trailer which they operate with the big tractor is a 2½-ton capacity. They have operated for many months at a time on a twenty-four hour schedule without any trouble whatever."

"They write, 'It gives us great pleasure to testify to the general satisfaction which we have received in the use of our Federal which we operate with a trailer. We cover about eighty miles per day, carrying from 1,500 to 1,800 feet per load, which would make the load weigh over five tons. The truck is earning for us about \$75.00 per day, net. It hauls logs over heavy grades in fine shape, and we have found both motor and brakes absolutely efficient under all circumstances.'"

"Another use to which Federals have been put by lumber companies is that of the Sugar Pine Mills at Madera, Calif. This company does not use trucks directly in the lumbering operations, but all their supplies are hauled to them by the Schuman Transfer Company, operating Federals as a stage and express line. The mountain roads over which they travel are very severe. The mills are located sixty miles back in the mountains, and are among the largest on the Pacific Coast."

"The immense amount of supplies necessary to feed the men in this logging camp, and which must be transported sixty miles by Federal freighters can be imagined when you understand that they cut down 2,500 and 3,000 feet of lumber per day, operate about twenty miles of logging railroad, five locomotives, fifteen logging donkey engines and employ between 700 and 800 men."

"They have a sixty-mile flume which transports their lumber from the mill to Madera, where it is loaded on the railroad. They now operate a fleet of six Federals."

Inspect oil and gasoline connections every week.

Judge Madden last week found the counties of Lennox and Addington, Ontario, guilty of continuing a nuisance by not keeping the Niagara road in repair. Besides paying the fine of \$550, they also had to pay \$100 more for contempt of court in refusing to abate the nuisance. Several doctors and citizens testified to the deplorable condition of the road.

It is often very difficult to remove the wheel from the axle of a heavy truck. This may be done quite easily by raising the wheel far enough from the floor to permit a piece of board one inch thick and pieces of pipe to be placed underneath. Allow the board to extend past the middle of the wheel about eight inches. Place the inside roller directly beneath the centre of the wheel and the outside roller a trifle outside the wheel. Then remove the chain and wheel nut, and lower the wheel enough to loosen the outer bearing on the axle. The wheel can then be easily rolled off the axle. The wheel may be replaced by reversing this operation.

MOTOR ROUTE BOOK HAS BEEN ISSUED

Revised Log of Alternative
Routes Between Vancouver
and San Diego

With the increasing interest in automobiling all over the continent motorists will welcome a new route book issued by the Tower Publishing Company of Vancouver. It is designed to cover the international highways of the Pacific Coast, and is termed the Motor Route Book. No. 1 deals with Vancouver, B. C., to San

Diego. There are 23 maps and a literary description, the data and maps being personally prepared by H. M. Kitchen, and the volume is edited by Aitken Tweedale, manager of the company.

In view of the fact that the original pathfinding work from Vancouver to the Mexican line was done by ex-Mayor A. E. Todd, and that efforts are periodically made to establish new records on the Pacific Highway, the descriptive matter contained in these logs is of interest, not only to motorists, but to the general public. Mr. Tweedale has divided the book into seven sections, of which the portion from Vancouver to Portland is the first. The second and third are the alternative route between Portland and San Francisco. The fourth route is that from San Francisco to Los Angeles, and the remaining three are from Los Angeles to other Californian cities. The edition has cost some thousands of dollars to compile and should be the means of linking North and South.

TRAFFIC TRUCKS ARE ALWAYS DEPENDABLE

Efficiency and Economy Are
Outstanding Features, Says
Thomas Plimley

Efficiency and economy are the outstanding features in the demand for truck transportation says Thomas Plimley, local distributor for the Traffic Trucks, built by the Traffic Motor Truck Corporation, St. Louis, Mo.

It is a dependable truck in every sense, correct in every detail and simple in construction. It is sturdily built of durable materials with standardized units throughout. The question is often asked, "how can the manufacturer produce a 4,000 pound capacity truck of quality for such a low price. The answer to this important price question is: The Traffic factory is the largest exclusive builders of a 4,000-pound capacity truck in the world, and confining the operation of their entire plant to the building of a truck of which design and capacity permits quality production, resulting in lowest cost of manufacturing. They are producing a Traffic truck every fifteen minutes at no greater overhead expense than if they were producing only two trucks and it was found in carefully investigating the road problems that a 4,000-pound capacity truck answered 80 per cent of all hauling needs—carrying four out of every five loads known to the commercial world.

Farmers Good Buyers.

"Ask 100 men where the best market is to-day and they will tell you that it is the farm. No other general class of men to-day has more money than the farmer and no one is more willing to spend it. The United States Government has guaranteed his income for 1919 by setting aside \$1,000,000,000 to insure \$2.26 wheat. The farmer has become the money spender of the country. He is cultivating a taste for something better than the bare necessities for luxuries and near luxuries; for bath tubs and bay rum; for Turkish rugs and trading stamps; for motion pictures and motor trucks.

"Motor trucks bring goods from the factory and farm to the freight house and docks and the consumer. They will soon move the world. On the battlefields of France the motor truck brought succor to the suffering thousands, and provisions to the multitudes. It carried our armies to victory.

Motor Truck to Front.

"In the United States to-day the motor truck is shouldering the gigantic task of handling a great deal of freight in order to release as much of railroad stock as possible and those who are alert to the truck situation can only realize that the motor truck has taken the third great rank in transportation, ranking in importance with railroads and steamship lines. It will not be long before the motor truck will be conveying the bulk of freight from coast to coast.

"The Traffic 4,000-pound capacity truck meets the demand of the farmers or fruit grower or vegetable grower because the large majority of farms are small when a motor truck is added to his farm equipment. He must divide the number of acres contained in his farm by the price of the truck in order to know how little it will cost him to move his products to his market.

"Grant if you wish for the sake of argument that all of the ton and one-half jobs will safely stand 4,000 pound capacity. Compare the price of the Traffic with the ton and one-half price of other makers and you will see that you still have a very wide margin of advantage in favor of Traffic trucks."

CARE WHEN CLEANING AUTO.

The varnish of an automobile will not stand having dust or mud rubbed off, nor will it endure the grime of dust and mud driven into it by the water from a blast of high-pressure hose, to which it is often subjected. Use water between 40 and 50 degrees, with a soft bleached sponge. It is best to use no kind of soap unless it be pure castile.

TIP ON WASHING THE CAR.

The car should never be washed in direct sunlight. If the operation is not carried out in the garage the vehicle should be in the shade while being washed. The direct rays of the sun striking on water causes heating, which tends to dull the finish. In the same way the hood should never be washed when it is hot, as directly after a run.

COMPLAIN OF LOOSE GRAVEL ON ROADSIDE

Automobilists Are Not Satisfied
With Burnside Road, Where
Accidents Occur

It is not surprising that the loose gravel on the surface of Burnside Road, now experiencing particularly heavy traffic while it is used as the detour for the Island Highway being under paving construction, should be the cause of accidents.

The gravel was the source of a dangerous accident to a motor cyclist, who lay on the roadside until the driver of a passing car lifted the heavy machine from his prostrate body on Sunday morning.

Another matter which is receiving the attention of the motorists is the wear and tear on the Malahat, which is now receiving the peak of its heavy travel. The chief point of criticism is the condition of the approaches to the wooden bridges, of which there are necessarily a number on the popular drive. Accidents have resulted, or have been very closely avoided by cars in entering bridges, and representations have already been made to the provincial authorities to have this situation remedied. It would be unfortunate to have the good reputation of the famous drive impaired by neglect of details of this character.

EVERGREEN HIGHWAY OFFICIALS TO VISIT HERE ON WEDNESDAY

On Monday morning a delegation of officers of the Evergreen Highway Association, including President F. H. Sweetland and Secretary C. A. Collins, will arrive in Victoria to meet the officials of the various public bodies and enlisting their aid in the publicity work which it proposes to undertake in the cities tributary to the route.

The object of the Evergreen Highway Association is to make known to the touring public of Eastern and Southern communities the existence of an all the year round road to British Columbia and the North Western States of the Union, and to attract to the cities on the Georgian Circuit a portion of the automobile traffic which has crossed the Sierras to California. The route was inaugurated here July 16, 1917.

CARE OF AUTO TOP.

It is peculiarly timely at this season of the year, to remind the car owner that the top should never be folded when it is wet or damp, as this will cause the formation of mildew and ruin the fabric. Gasoline should never be used to remove grease or dirt from the top, as it ruins the rubber composition and causes blisters. A leather top should be washed with castile soap and water, the latter a little warm and a top dressing should be applied.

ROPE FOR SKIDDING.

Use of rope on the solid tires of a truck when a summer shower overtakes the driver without chains available is recommended as an emergency measure to prevent skidding. Rope used in this way wears out quickly, but this is compensated for by the less damage inflicted on tires as compared with chains.

The LOGICAL WAY

Looking at the question is a purely logical way, there is no reason for paying exorbitant prices for undertaking services. When we are called upon to take charge of obsequies, we bring tact, taste and skill to the task. And the same motive which impels us to do the very best we can also prevents us from taking advantage of the occasion to impose unnecessary expense upon the family we serve.

TO BE HANGED

Ottawa, Aug. 2.—The law must take its course in the case of Alfred Roberts, condemned to be hanged at Prince Albert on August 6 for the murder of Radie Mae Mulvihill in August, 1918. Clemency has been refused.

FRENCH RATIFICATION

Paris, Aug. 2.—Ratification of the German peace treaty was recommended to the Chamber of Deputies yesterday by its peace committee by a vote of thirty-four to one. Two members were absent.

PRICES IN STATES

Washington, Aug. 2.—Prices of the necessities of life in the United States would be limited to the amounts charged on November 11, 1918, under a bill introduced by Representative Middleton a Democrat.

POLES ARE CROSSING THE ZBRUCA RIVER

Advancing Against Ukrainians Farther Than Peace Conference Stipulated

Vienna, Aug. 1.—Via London, Aug. 2.—(Associated Press.)—The Poles announced a continuance of their victorious march against the Ukrainians. They are crossing the Zbruca River at various points. (It should be noted that the Poles were given authority by the Peace Conference to proceed only to the Zbruca.) The Polish army's objective is said to be Kamenetz, Poland, which is the capital of General Simon Petliura, the Ukrainian peasant leader.

The Ukrainians resumed diplomatic relations with Rumania, having previously sent missions to Italy, Switzerland, Germany and Austria and are said to be seeking to establish one in the United States. They declare that they, like the Serbs, will continue to fight indefinitely for their independence.

NEW IMPERIAL GOSPEL

Impressions in British House of Commons.

By W. Hamar Greenwood, of Vancouver.

London, July 4.—Yesterday one was privileged to witness the scene in the House of Commons which has ever taken place in that historic Chamber, the Mother of Parliaments, when the Prime Minister delivered his greatest speech, dealing with the terms of peace that concluded the world's greatest war.

Lloyd George, pale and aged, even ill to the verge of collapse, sustained by his superb sheer energy and will and upheld by the cheers of a victorious people, made the master-effort of his long and strenuous career in the service of the people from whom he has sprung and whose deepest springs of action he gauges with the wizardry of genius.

He spoke for the British Empire. His message applies alike to Canada and the United Kingdom. He enunciated a new Imperial gospel while the cheers of a victorious people rang in one's ears; a Gospel of Unity of Action. The great lesson of the war is that now is not the time to demolish national energy. There is no rest if progress is to be made. The British Empire is beginning a period of reconstruction, patriotism in every individual is needed, and everyone must work as never before to the end that the Imperial House shall be put in order and the British Empire face the new world conditions.

A Common Cause.
What the armies of the Empire have done shows what can be achieved by a great people, united and inspired by a common cause. Those who rejoice over victory should rejoice as men who are not under the delusion that their troubles are over, but as men who feel that the first and the worst of their troubles are past, and that the spirit, the courage and the resolution which enabled them to overcome will also enable them cheerfully to do what is to come. Britishers have no strength to spare if they are to save Britain from sinking under her burdens and her wounds.

Anyone who heard him will never forget the peroration of Lloyd George's great message. "What have we got? Output diminished; cost of production increased. That is exactly the opposite of what we need. Let us work together, together, work together. I beg that we do not demobilize the spirit of patriotism in this country. Keep it in the hearts until the country has won through to its real victory. The spirit alone can bring us a real and glorious triumph."

A similar message was delivered this week by G. H. Borden, the Food Controller. In his position Mr. Borden has had a clear insight into things and as a Labor representative with what prejudice he may have on the side of the working man, Mr. Borden said: "The people are not convinced that there can be no substantial diminution in the cost of living unless our natural production is enormously stimulated in the immediate future."

The gist of the messages from both of these men, who are in a position to know, is "Produce or go under." Canada to-day stands in a better position than any other country that has participated in the war, by reason of unity of action is almost imperative as far as Canada is concerned than any other portion of the Empire. On July 1 was celebrated the fifty-second anniversary of Confederation. General Sir Arthur Currie, at the Dominion Day dinner, pointed out that Canada must learn from the lessons of the war that as Canada has won her objective in the eyes of the world by the valor of her soldiers sent to the front, so Canada must follow the teachings of military warfare and consolidate her position, acting in unity from one end of the country to the other and not allowing any Province or section of the community to endeavor to operate in a watertight compartment, taking a narrow and selfish viewpoint.

In the great work of reconstruction there is something for every citizen to do. As Canada has met every call of the Empire during the war, it is confidently expected that this last and greatest call she will answer loyally and reconstruct with the one idea in view of consolidating the Dominion, and acting in unison as a people aspiring to nationhood should.

The new Imperial gospel of unity of action has been issued for Canada.

POSITION OF STATES

London, Aug. 2.—The United States was bound to become industrially pre-eminent, Viscount Milner, the Colonial Secretary, declared in the House of Lords last night. Its pre-eminence would have come even if the war had not occurred, and it had only come the quicker in consequence, the Secretary added.

GRAY HAIR

Dr. Treman's Natural Hair Restorer. Used as directed, it is guaranteed to restore gray hair to its natural color in money refunded. Positively not a dye and non-injurious. For sale in Victoria by Deas & Hancock, Druggists, corner Yates and Broad Streets.

NEW GOVERNMENT OF HUNGARY WANTS PEACE WITH ALLIED POWERS

(Continued from page 1.)

new Government has issued a manifesto, the advice of which, declaring that its chief task will be to preserve internal order and enter into negotiations with the Entente.

Officially Reported

London, Aug. 2.—A dispatch to the Exchange Telegraph Company from Copenhagen says it is officially reported from Budapest that the Government of Bela Kun has resigned. The trades-unions have formed a socialist Government, the dispatch adds.

Reverses

Vienna, July 31.—Delayed.—(Associated Press.)—The resignation of Bela Kun from the Hungarian Government was effected this afternoon. His retirement was precipitated by the Rumanian successes along the River Theiss and the rout of the Hungarian Soviet army.

Budapest Quiet

Copenhagen, Aug. 2.—The strictest martial law is being enforced in Budapest during the war between the new Government and the old state. The city is reported quiet.

Note and Defeat

Vienna, Aug. 1.—Via London, Aug. 2.—The crisis at Budapest was due to the combined effect of the Allied note issued at Paris last Sunday warning the Hungarians they must set up a truly representative Government and the successful advance of the Rumanian army.

The Soviet military forces were said to have been reduced to 40,000 unwilling soldiers who lacked ammunition and who were harassed by the guerrilla warfare of peasants. This force was thoroughly defeated to-day. The Hungarians were said to have surrendered or fled when the Rumanian division crossed the Theiss River at Tiszafured. They also took Szolnok, cutting off Budapest railway.

Stragglers from the Soviet army brought the news of the Rumanian advance. They said the enemy forces were only twenty-five miles from the capital. Hungarian refugees here held a celebration to-night over the downfall of the Communism. Officials here said the reconstruction of the Hungarian Government was expected to improve the situation in Austria.

SIR T. WHITE URGES LOAN BE SUPPORTED

(Continued from page 1.)

duties as Minister of Finance, pointing out that my health had been impaired by the long strain and heavy responsibility which had rested upon me continuously during the period of the war, and further that my absence from public life I have been obliged almost wholly to neglect, demanded my immediate return to private business. At your request I consented to remain and discharge the duties of Acting Prime Minister during your absence from the understanding that upon your return my resignation from the Government would be accepted. In view of the foregoing, and for the reasons mentioned, I hereby tender my resignation as Minister of Finance, with the request that it be accepted immediately in order that I may take a much needed rest. If at any time it appears to you that my counsel or assistance would be of service to the Government, I will, I feel confident, not hesitate to call upon me.

"I am happy to be able to state that I leave office upon terms of accord with my colleagues, to all of whom I feel bound with ties of high personal regard and friendship. As to yourself, I cannot say how greatly I appreciate the kindness, consideration and courtesy which you have at all times extended to me, and which will remain a most pleasant memory of association throughout my life. With much respect, believe me, as ever,

"Yours faithfully,
(Signed) "W. T. WHITE."

Borden's Reply.

On July 30, Sir Robert Borden wrote the following reply to Sir Thomas White:

"My Dear Sir Thomas White: You require no assurance that your final decision to relinquish your duties as Minister of Finance has been received by myself and my colleagues with the deepest regret. That also will be the feeling of the Canadian people as a whole. During your incumbency of the office, and especially during the last five years, you have met and you have solved problems of surpassing magnitude and difficulty, and regarded as utterly impossible of attainment. Perhaps more than any other person I have been in Canada in a position to appreciate your conspicuous ability, the intense devotion to duty, the wide grasp of financial conditions throughout the world, and the unremitting energy which you have brought to bear upon these questions. You have had to take into consideration deal with considerations of vast moment, not only to the present, but to the future interests of our country.

Loyal Co-operation.
"From first to last I have had from you the most loyal and wholehearted co-operation and support, and our association in public affairs will always have happy memories for me.

"It was my hope, notwithstanding the intimation contained in your letter, that you might continue to discharge during a further period the highly important duties of the office from which you are now retiring. It is due to you, however, that I should express my comprehension and appreciation of the personal reasons which have led to your decision.

"With every good wish, believe me,
"Faithfully yours,
(Signed) R. L. BORDEN."

NO REPLY TO CALGARY ON SOCCER TITLE EVENT

Calgary, Aug. 2.—So far no reply has been received from the Dominion Football Association in regard to the offer of Calgary made of guaranteeing traveling expenses to provincial championship football teams to come here to play for the Connaught Cup in September.

SALVADOR AMNESTY

San Salvador, Republic of Salvador, Aug. 2.—The Congress of Salvador has issued a decree granting unconditional amnesty to all political offenders arrested during the last electoral campaign.

BRITISHER LEADS LABOR CONGRESS

(Continued from page 1.)

of Great Britain, was elected president of the Congress. He was proposed for office by Samuel Gompers, president of the American Federation of Labor. Appleton was chosen by thirty-one votes as against eighteen for M. Oudegeest, president of the Dutch Labor Federation. Leon Jouhaux, the French labor leader, was chosen first vice-president, receiving thirty votes to nineteen for Carl Legien, president of the German Federation of Trades Unions. Legien declined to accept the second vice-presidency of any other office.

Belgian Elected.
M. Mertens, the Belgian leader, was elected second vice-president. Twenty-eight votes were cast for him, the German, Austrian and Scandinavian delegates not voting. The German delegates stated to-day that the defence of their attitude during the war set forth at a previous session had been received badly because it was not well translated. They said they did not agree entirely with the resolution offered by Sassenbach, the German Socialist leader, which was criticised as being "unrepentant," but they said they did not repudiate it.

CHICAGO STREET CARS RUN AGAIN

(Continued from page 1.)

trouble for the twelve hours preceding this morning. With resumption of service on the elevated railroads, Adjutant-General Dickson notified regimental commanders to place guards at the various stations and those of the curious who sought entrance to the colored belt over the elevated found a soldier with fixed bayonet to turn them back if no proof of business thereabout was forthcoming.

Investigation.
With quiet restored in the negro district legal machinery of the country began investigating the riot. More than 100 of the prisoners held in the police stations had been interrogated and from these confessions were said to have been procured which may lead to further arrests on more serious charges than those on which the many prisoners are now held. The officials declared conspiracies among negroes to "snipe" policemen and whites have been revealed, and also similar combinations among white men to burn the homes of negroes.

QUEBEC DELEGATES MAY STAND ASIDE

(Continued from page 1.)

many possibilities in connection with the contest for the leadership and the situation may grow still more interesting before the vote is taken. Premier Foster of New Brunswick and Premier-Elect Bell of Prince Edward Island are here, having arrived yesterday.

Committees at Work

The various sub-committees of the advisory committee proceeded with their work to-day to have everything in readiness for the general caucus which is to be held Monday afternoon and evening.

The following committees were named yesterday:
Railway and transportation problems: Hon. George P. Graham, chairman; Hon. John Oliver, Hon. G. H. Murray, Hon. W. M. Martin, Premier-Elect Bell, Hon. J. R. Boyle, Jacques Bureau, F. S. Cahill, H. H. Horsey, F. Casgrain, F. P. Pardee and A. T. Leger.
Labor and labor problems: Hon. W. L. Mackenzie King, chairman; Hon. John Oliver, Premier-Elect Bell, Hon. J. R. Boyle, H. H. Dewar, Hon. Sidney Fisher, S. W. Jacobs, W. C. Kennedy, Ernest Lapointe, Hon. Rudolph Lemieux, Hon. W. M. Martin, Hon. G. H. Murray, F. G. Pelletier, J. A. Robb, C. C. Ross, A. Trahan, A. Turgeon, A. Verville, W. H. White.

WOLGAST MAKES DRAW IN EFFORT TO COME BACK TO RING GAME

Yuma, Ariz., Aug. 1.—Ad. Wolgast, former lightweight boxing champion, fought a six-round draw here to-night with "Fighting" Deaver, of Yuma.

Beat Johnny McCarthy

San Francisco, Aug. 1.—Frank Haynie, a welterweight, won the decision in his bout here to-night with Johnny McCarthy. He was the aggressor throughout the bout and outboxed his opponent in each of the four rounds. In the third round McCarthy sent Haynie to the floor with a light blow which caught the latter off his balance.

MEET TO-DAY FOR U.S. SCULL CHAMPIONSHIP

Worcester, Mass., Aug. 1.—Philadelphia oarsmen showed the best racing in the opening day's sprint of the regatta of the National Association of Amateur Oarsmen on Lake Quinsigamond to-day and returned winners in the senior sculls and the association senior sculls.

In order to win these boats John B. Kelley, of the Vesper Boat Club of Philadelphia, outdistanced Walter Hoovers of the Duluth Boat Club in the senior event, and Kelley's clubmate, Paul Costello, gave the Minnesota man his second defeat in the association race. As a result of to-day's races Costello and Kelley will meet to-morrow for the American single scull championship.

WINNIPEG CUSTOMS

Winnipeg, Aug. 2.—Winnipeg customs receipts show a large increase for July over the corresponding month of last year. The total for July, 1919, was \$944,857, against \$797,945 for the same month last year.

WAGES INCREASED

Spokane, Aug. 2.—Journymen plumbers of this city were granted a wage increase of \$1.00 a day, from \$7.00 to \$8.00, in contracts entered into with master plumbers effective to-day.

NUGGET

We are still recommending our clients to buy this stock as a mining investment. Work is progressing rapidly at the mine; practically 600 feet of the tunnel is completed, and there is great activity in this camp.

REPORT AUSTRIAN CABINET QUIT WAS TO WIRE ERROR

Berne, Aug. 2.—The announcement of the impending resignation of the Austrian Ministry, received here from Vienna on Thursday, was erroneous, it has developed. A mistake in the transmission of the dispatch from Vienna was responsible. The message originated in Belgrade, it appears, and referred to the Serbo-Croatian Ministry.

The dispatch referred to in the foregoing was received in Berne from Vienna on July 31. It stated that the Austrian Cabinet had decided to resign on Thursday, and that the government was responsible. The dispatch was received in Belgrade, it appears, and referred to the Serbo-Croatian Ministry.

THIRD SACK GUARDIAN PUGILISTICALLY GIFTED

Sacramento, Aug. 2.—Following a controversy over a small sum of money held out of the cheque of "Babe" Pinelli, third baseman of the Sacramento Senators, because he failed to report for play without notifying the manager of the club, Pinelli and William K. Rodgers, manager of the Sacramento team, engaged in a flat fight in the clubhouse yesterday. Rodgers received two black eyes and did not appear on the field. Pinelli was recently sold to the New York Americans.

IN Big Demand

San Francisco, Aug. 2.—Infielder Richie Brown, recently purchased by the Oakland club from the New York Nationals, arrived late the other night. It was announced yesterday by Del Howard, manager of the Oaks, that there is a controversy over Richie Brown, the Brooklyn Nationals and the International League both claiming his services.

A RAILROAD STRIKE

Huntington, W. Va., Aug. 2.—Two thousand employees of the Chesapeake and Ohio Railroad shops here are on strike.

Victoria Branch, Victoria.

LOCAL CHANGES IN SALVATION ARMY

Capt. and Mrs. Stewart Leaving For Regina; Concert at Wilkinson Road

Capt. and Mrs. Stewart, who are in charge of the Social Service work of the local Salvation Army Corps, have received their "marching orders" and will leave Victoria on August 16 to take up their new duties at Regina. On their way they will enjoy a vacation at Banff and Calgary. They will be succeeded in the local office by Commandant and Mrs. Cummins, who have been on duty in Edmonton, and are expected in the city on August 14.

Capt. Stewart has been with the Victoria corps for the past sixteen months, he having been sent to this city to inaugurate the social service work here. During his regime this branch has met with considerable success and is now firmly established as one of the most progressive and helpful branches of the Army's very excellent work.

On Wednesday evening last the Salvation Army Band, with the permission of the Provincial Secretary, gave an open-air concert at the Saanich Mental Hospital, Wilkinson Road. The selections were received with obvious delight by the inmates, whose pleasure in the occasion was shared by the residents of the district, the music being plainly heard throughout the neighborhood. For some time past the Corps has been giving Sunday afternoon services at the Home, and it is hoped to make the band concerts a periodical event.

HAS SIXTY-FOUR BRANCHES IN PROVINCE

The fourteenth annual report of the Canadian Bible Society has been issued. The organization is auxiliary to the British and Foreign Bible Society, and the report gives an interesting outline of the growth of its work since 1904. In the circulation of the Scriptures this has been remarkable. In 1904 a total of 122,623 copies were sent out and in 1918 288,196. The total revenue in 1904 was \$105,204, while in 1918 it reached \$270,332. There has been a steady increase except for the year 1914, when there was a drop both in the number of copies sent out and in the revenue.

In 1903 a conference was held of the various Bible Society auxiliaries in Canada with a view to confederation, at a second conference in 1904 it was resolved to federate and the foundation of the Canadian Bible Society was laid. This was ratified later and the first annual meeting was held in March, 1906. In June of the same year the act of incorporation was assented to and the society has since been doing its work under this charter.

Rev. W. B. Cooper, M.A., D.D., is the general secretary of the society and the representative in British Columbia is Rev. J. Knox Wright, D.D., of this city. There are twelve depositories throughout Canada where copies of the Scriptures may be obtained in every language used in the country. The depository for British Columbia is at 627 Howe Street. There are 64 branches in the province.

"NO NEED OF ARSENALS OR FORTS."

(From the Haverhill Gazette.)
Munition plants would go out of business if we could make it as hard to start a war as it was to arrange peace.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

WILL PERPETUATE THE VANDALISM OF HUNS

Rheims and Amiens Cathedrals to Be Left in Present Ruined State

More than 3,000 churches were either completely destroyed or seriously damaged by the German invasion of Northern France. The state in which these martyred churches now are found varies from those that have been absolutely wiped out to others which suffered only the damages of occasional stray shells, writes the Paris correspondent of The New York Sun.

The work of restoring the churches has begun. The first annual general assembly of the Society to Restore the Churches of the Devastated Regions was held in Paris recently. At that time Vicar Odell, of Paris, reported that \$285,000 had been expended in beginning the work of restoration. He stated that sixty-three churches have been adopted by individuals who will personally bear all the expenses involved in the work of rebuilding. Help has come, said the vicar, from the United States, from Brazil, from India, in fact every nation of the allied world is helping France counteract the work of the destroyer.

Some of the churches will never be restored. Some are gone completely shot to bits, leaving barely a trace of their former location. Others, famous cathedrals such as those of Rheims and Amiens, may be left as they now stand as a warning to posterity and as an indelible record of the savagery of the past five years.

In importance, architectural beauty and size the ruined cathedrals and churches vary from the stately ruin of Rheims, which will always symbolize the barbarity of the Huns, to the little country churches.

Beside the mound which figured day after day in the war communities as "Hill 304," in the midst of what used to form the quiet village of Esnes, just to the right of Verdun, stood the little church. It was almost demolished by the terrible effect of the artillery during the Verdun struggle of 1916, but until late in the summer of 1917 the altar of the church still stood unscathed.

The roof and walls of the church had long since been shot away, but the weatherbeaten, unprotected altar continued to give solitary evidence of the former presence of a house of worship. To-day nothing remains. But the little church of Esnes is only one of a great number which will never be restored.

METHODISTS TO USE FILMS IN CHURCHES

Toronto.—Seeing the trend of the times the Methodist church is about to establish in Toronto what shall be the headquarters of unexonated educational work in Canada. The newly created department will manufacture lantern slides, stereopticon views, etc., which will be used in day and Sunday schools and in the churches for the furtherance of religious and secular education.

To what extent the department will be capitalized has not yet been determined, but if it is decided to handle original films the capitalization will of necessity be very large. There is a project in view looking toward the co-operation with United States film manufacturing corporation, as the department here will not undertake to manufacture films. The aim is to supply the church with the highest class of everything needed for educational purposes. Plans are now under way and the department will be in working order very soon.

SALVATION ARMY JUBILEE

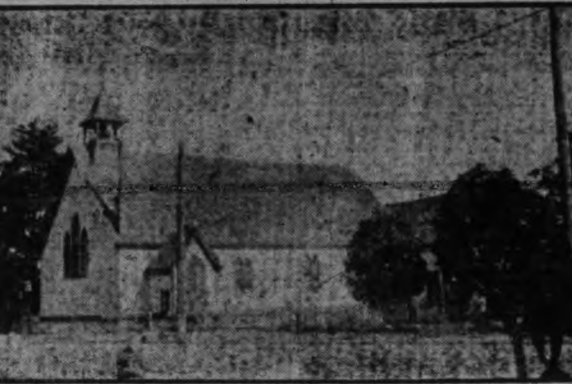

Big Gathering in London; King's Congratulations on "Mighty Achievement."

At the Albert Hall, London, the Salvation Army recently celebrated its jubilee, a fixture postponed since 1915. The King in a message to General Booth said:

"I heartily congratulate you and the members of the Salvation Army on the mighty achievement of a system founded half a century ago. By its work of love and mercy both in peace and war the Salvation Army has become honored and endeared to the nations of the world."

Mrs. Booth said the Salvation Army had always given women the same opportunity as men.

MEMORIAL NOW COMMEMORATES GALLANTRY OF ST. BARNABAS' MEN

ST. BARNABAS' CHURCH.

A brass tablet, framed in oak, has recently been erected in St. Barnabas' Church to parishioners who gave their lives in the Great War.

PEN PICTURE OF WONDERFUL SHOW

Writer Describes Methodist Centenary Gathering at Columbus, Ohio

Several references have already appeared in this page to the great Methodist Centenary gathering at Columbus. An exceedingly interesting description of it, from the pen of A. C. Crews, appears in the current number of The Christian Guardian. In part he says:

"The object was to present the work of the Methodist Church in various parts of the world in pictorial form, so that missionary impressions might be made through the eye as well as the ear. It was indeed a great object lesson of the vigorous, aggressive policy of modern disciples of John Wesley in seeking to follow the example of their founder, who regarded the world as his parish. The cosmopolitan character of the church's operations might be judged by merely walking about the grounds, for here were camels from Egypt, elephants from India, water buffaloes from the Philippine Islands, monkeys from

Borneo, while the buildings were packed with samples of the products of many countries in which the Methodist Church is operating. Large space was given to China, India, Africa, South America, the United States, as well as to several European lands where educational and religious work is being carried on.

"In each case an attempt was made to give the observer an idea of the extent, population, resources and needs of the country, with special reference, of course, to religious conditions. Experienced missionaries were on hand to give explanations, answer questions and deliver short addresses, assisted by natives of the countries involved. The ease and ability with which these people from India, Japan, China, Africa and the Philippine Islands spoke the English language, coupled with their general intelligence and efficiency, emphasized and illustrated the value of missionary teaching.

"A spacious auditorium was devoted to moving pictures, and this was a kind of object lesson of what an educational feature the 'movie' might be made. In front of the grand stand, which seated 15,000 people, the largest screen ever used for stereopticon views had been erected. When Dr. E. Earl Taylor asked for a canvas 100 feet square and a machine powerful enough to throw good pictures upon it at a considerable distance, the picture men said it must be done, and of course it was, and successfully, too. Every night multitudes in the grand stand enjoyed the most interesting pictures.

"Of course, the great pageant called 'The Wayfarer,' was the main attraction. It was given every evening in 'The Coliseum,' which seated 8,000 people. So eager was the demand to see this remarkable spectacle that on some nights the building might easily have been filled two or three times. The stage accommodated 1,000 people, and toward the end of the performance it was full. The Cincinnati Symphony Orchestra of fifty pieces, assisted by a choir of 1,000 voices, led the music.

"The programme provided striking scenes from the life of Christ, together with representatives showing the trials and triumphs of Christianity."

RUSSIAN PRIESTS MURDERED.

A movement to obtain the united cooperation of the Christian churches of the United States in the fight against Bolshevism was recently started in New York City at a meeting which was attended by bishops of the Protestant Episcopal Church, the Russian Orthodox, the Greek and Rumanian Churches. Archbishop Platon, the Metropolitan of Odessa and Kherson, who is the senior surviving bishop of the Russian Church, was the principal speaker. He stated that fourteen of his brother bishops, a "holy Christian" Archbishop Platon will confer with some prominent New York financiers in regard to obtaining funds for the Russian Church, and also to aid the operations of Admiral Kolchak and other anti-Bolshevik leaders in Russia.

OPEN NIGHT AT "Y" CAMP WAS ENJOYABLE

The open night at the Y. M. C. A. camp yesterday to which the campers invited their friends proved a most enjoyable function. The hour originally set was from 8.30 to 10.30, but the time passed so merrily that the celebrations were kept up until 11.15, a pleasant little all fresco dance concluding the programme.

There were over fifty people in attendance, in addition to the campers and a number of novel stunts which are the every day sport of the camper, created a lot of amusement. A series of pillow fights on an horizontal bar was one of the most entertaining events. Sitting astride the bar, the competitors fought with pillows encased in a long bag. Archie McKinnon and Gordon Young drawing after beating all other competitors. Refreshments were served during the evening, consisting of ice lemonade and cantaloupes filled with ice cream. An orchestra composed of a violin, mandoline, guitar and piano, supplied the music for dancing and singing, the musical talent being supplied from the campers.

LIVING COST DOUBLED.

The cost of living has gone up 102 per cent. in the United States, 107 per cent. in Canada, 133 per cent. in England and 266 per cent. in France since the beginning of the war, according to the results of an investigation just completed by economists of the War Trade Board, says a Washington dispatch to The New York Evening Post. The inquiry was begun soon after the signing of the armistice in an effort to determine the effect of the war upon living costs in the United States and also in the principal European countries. Prices in all the leading industries in this country were analyzed and a comparative study was made of fluctuations during the war in countries abroad.

One Reason Why.

AMUSEMENTS TO-DAY

Princess—Mr. Reginald N. Hincks presents Princess Players in "Tantalizing Tommy," and "Kitty Clive."
Pantages—Vaudeville.
Dominion—Mary Pickford in "Daddy Long Legs."
Variety—Taylor Holmes in "Ruggles of Red Gap."
Royal Victoria—Nazimova in "Out of the Fog."
Columbia—Gladys Leslie in "Wild Primrose."
Somano—Bill Harte in "The Night Stage."

DOMINION

One of the funniest of all the humorous things with which Mary Pickford's new and best feature, "Daddy Long Legs," which is now playing at the Dominion, is loaded in a series of scenes in which Mary, as Judy Abbott, take too much hard cider.
The funny little "drunk" is not indulged in by Judy Abbott, the orphan child Miss Pickford plays, with malice aforethought. It happens that she and a funny little orphan with a very freckled face have just led a "prune strike" in which they have sought to obtain better food for the children of the asylum, who are fed on thin soup and prunes.

Prohibition Matron Spoils "Jag."
The tyrannical head matron has won the battle, being a large woman able to dominate the cowering little waifs

PRINCESS THEATRE

who are charges of the institution, and to punish Judy, and the little boy who aided her in encouraging the children to strike, the matron puts them out in the yard with nothing to eat. A thief who has been stealing from a passing wagon throws over the fence a jug of hard cider, and some sandwiches.

Judy and the boy have been praying for food. They think this dropped from heaven, and proceed to eat and drink without inquiring into the nature of the donation. So it happens that in the most innocent way both children become "happy." Miss Pickford's portrayal of the surprised Judy, who punishes her enemies, gives jam to all the children and defies the ogre of a matron is wonderfully done.

It is only one of the masterful "bits" she does in this picture which carries Judy, the orphan from her birth to her marriage to a rich man who sends her to college.

ROYAL VICTORIA

Once in a while there comes along a splendid combination of drama and star. Such a one is "Out of the Fog," in which Mme. Nazimova is presented and which will be the attraction at the Royal Victoria for the last time to-night. The power of the original play by H. Adams Austin, entitled "Ception Shoals," in which the same star appeared on the speaking stage, can hardly be summed up in plain type. Its wonderful character drawing and its sharp conflict of human wills, together with the mental and physical rebirth of Eve, who has been confined all her life on a distant lighthouse island, has been transferred to the screen in all its amazing significance. Nazimova's portrayal of the twenty-year-old girl in a thing of the utmost art. The very light of youth shines from her eyes and she undergoes the transition at her awakening with a skill that completely absorbs the spectator.

Mayhap it is that Nazimova is so fine in this because she knew the part so thoroughly from the stage. But at any rate it is a great performance, one that leaves no room for doubt regarding her rank in the files of screen actresses. Charles Bryant is a suitable hero, Henry Harmon gives a remarkably well sustained performance as the religious fanatic and Tom Blake's Jim Smoot, the hardened sailor, is a characterization of skill.

PRINCESS

To-night will witness the last appearance of Miss Eva Hart and others in the splendid three-act Comedy, "Tantalizing Tommy," which Mr. R. N. Hincks has been producing together with the clever one-act costume play, "Kitty Clive." The popularity of these two productions has been conclusively demonstrated by the splendid support which the theatre-going public of Vic-

Hughes, which goes to the winner. One Cup is presented by Mayor Porter, one by Mr. J. A. Rithet, and one by a gentleman who prefers to remain anonymous.

MALARIA CONTROL

Results of Work of Rockefeller Foundation.

The possibility of virtually eliminating malaria and of mastering yellow fever are the outstanding features of the second installment of the review of the Rockefeller Foundation for 1918, made public June 24. The foundation has been at work in various districts of the United States. It tested the possibility of ridding a community of malaria by carrying out anti-mosquito measures in four towns in Arkansas. The purpose has been to stimulate other towns to take similar measures at their own expense, and as an evidence that it is well within the means of a community, it was shown that the per capita cost was only 44 cents.

By draining or filling pools, by ditching sluggish streams, and by oiling surface water which could not be otherwise dealt with, the breeding of the anopheles (malaria carrying) mosquito was almost wholly prevented. Thus the sole means by which malaria can be transmitted was eliminated.

The results, as tested by the number of calls made by physicians on persons who were suffering from the disease, were striking. In Hamburg, Ark., the number of calls fell from 2,312 in 1916 to fifty-nine in 1918, a reduction for the period of 97.4 per cent, and the work was done at an extremely low per capita cost.

"One could not ask for more convincing proofs," the foundation states, "that a community may rid itself of malaria on terms which cannot be wisely rejected. It is not surprising that towns and villages are making appropriations faster than trained sanitarians can be found to undertake the work of malaria control."

The report tells how the work was carried on with the closest co-operation of the United States Health Service and the state health boards, and that during this year the movement will be extended in Mississippi to the whole of the Sunflower county, which will bear half of the expense. As to significant features of the work, the report notes the "striking posters, popularly written and illustrated pamphlets, newspaper articles, instruction in the schools, public lectures, and the sale of standardized quinine at low rates by all druggists. It has even been suggested that all individuals who are found free from malaria germs be given buttons as badges of immunity."

The attack on the seed beds of yellow fever began with the appointment of Gen. William C. Gorgas, on his retirement from the office of Surgeon General of the United States army, as director of the yellow fever work of the International Health Board, with freedom to carry out the recommendations of the Special Yellow Fever Commission, of which, in 1906, he was the chief. Systematic attempts were to be made to destroy the time-honored source, and before the end of 1918 General Gorgas set out upon a preliminary journey to Central America.

A yellow fever epidemic had broken out in Guatemala in June of last year, and Dr. Joseph H. White was sent down to handle the situation. "He was cordially received," says the report, "granted full authority and given necessary aid. Quarantine was established, physicians were drafted into service, and a well-ordered measures for the control of yellow fever were promptly put into effect. The epidemic was brought under control, so that when on September 15 Dr. White was compelled to return, infection was held at only one point. The resident representative of the board took charge and continued appropriate measures. On December 14 he reported that no yellow fever remained in Guatemala. The success, it is said, was largely due to the substantial aid of the Government of Guatemala and the magnificent work of the local governors.

toria have rendered, large and enthusiastic audiences attending each night's performance during the run. Unquestionably one of the most enjoyable evening's entertainment that has ever been produced at the above theatre, those who have not already attended should take advantage of this last opportunity afforded them and make early application for tickets, as a full house is already assured.

VARIETY

Taylor Holmes had a thrilling ride on an ostrich out in Arizona while taking scenes for "Ruggles of Red Gap." "They dared me to," he said, "and so I did it. But I'd rather ride for week in a freight train caboose than on an ostrich for a moment. The ostrich emulates the roll and dip of the ocean. Ten minutes on the back of one of those birds would give a fellow real seasickness, in my opinion." Taylor Holmes will be seen at the Variety to-day in the George K. Spoor feature, "Ruggles of Red Gap."

COLUMBIA

"Wild Primrose," the Vitaphone Blue Ribbon Feature which will be shown at the Columbia for the last time to-day, in conjunction with the serial, "The Lure of the Circus," is the story of the polished Southern girl who poses as a wild, untamed mountain girl in the cold, aristocratic home of her father, whom she hates because he deserted her mother when she was a child and whom she has not seen since. She finally wins the affection of all and saves her father's ward from an entanglement with a vampire. The picture is from an original scenario by Joseph Franklin Poland was directed by Richard Thomson. Gladys Leslie is the featured player and is supported by Richard Barthelmess, Eulalie Jensen, Claude Gillingwater, Ann Warrington, Charles Kent, Arthur Lewis and Bigelow Cooper.

BABY HAD DIARRHOEA

WAS GIVEN UP.

DR. FOWLER'S

EXTRACT OF WILD STRAWBERRY
CURED HER

Mothers should look well after their children during the hot summer months, as this is the time of year when the young ones are liable to all kinds of bowel complaints.

If your children have any looseness of the bowels do not experiment with new and untried remedies. Get one having stood the test of time. Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 74 years. Don't accept a substitute and perhaps endanger your child's life. Mrs. Willis Coupland, Sundridge, Ont., writes:—"About four years ago my little girl, then a baby two months old, took diarrhoea. I took her to the doctor but to no avail. After he had given her up, I read of Dr. Fowler's Extract of Wild Strawberry and immediately got a bottle. Within two days she was improving fast. I cannot ever praise it enough. I hope some poor sufferers will see this letter and lead them to a friend indeed."

Price 35 cents. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Ideal spot for your vacation.

Rates: \$2.00 per day inclusive.

MRS. H. H. MOLONY.

Important information was secured with respect to the sanitary conditions in Ecuador and concerning the bacteriological, chemical and clinical aspects of yellow fever.

"With the hearty co-operation of the Government of Ecuador and of the municipality of Guayaquil, measures for yellow fever control were actively inaugurated November 27, 1918. The attack is being directed against the stegomyia mosquito by which alone yellow fever can be communicated. By the end of December 125 men, divided into squads of five each, were systematically at work in the city of Guayaquil.

"It is hoped that measurable results in the reduction of infection will be disclosed in the near future. Yellow fever is being pressed further and further into isolated areas. This seems to be one disease which by persistent activity may be brought completely under control."

In all these conditions of ill health—

Every woman who is Weak, Anaemic, Nervous, or Run-Down needs

THOUSANDS of women in Canada to-day are suffering from Weakness, Anaemia, Nervousness, and are in a run-down condition. Some are perhaps bravely bearing the strain of responsibility put upon them—others have so far lost the buoyancy of good health and spirits that they have almost forgotten the joy of real good health. Others are not aware of how different they would be if they could really get well.

All are suffering needlessly, and if you who are weak, anaemic, nervous and run down could realize what a short course of Wingarnis would mean to you—you would not continue to suffer needlessly. You would get a bottle of Wingarnis at once, and, from to-day, begin to derive the new

health and new life that Wingarnis promotes. Remember that your health is your most valuable possession.

Wingarnis is a tonic, a restorative, a blood-builder and a nerve food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality. That's why over 10,000 Doctors recommend Wingarnis. Wingarnis has been famous in Europe for more than a third of a century. Thousands have testified that it has restored them to health and strength. Don't confuse it with the many inferior preparations of apparently similar nature. Accept no substitutes. Buy Wingarnis itself. Don't let the hundred-and-one home worries make you forget to buy yourself a bottle of Wingarnis to-day.

Ask your Doctor. Get it at your Druggist's.

In two sizes: \$1.00 and (extra large bottle) \$1.75

Record Entry for Long Distance Swim Through Victoria To-day

TENNIS TOURNAMENT MOST SUCCESSFUL IN THIRTY YEARS

Presentation of Prizes For
Three Tournaments
To-night

Yesterday's tennis provided a treat for all who were present at the courts of the Victoria Club. There was not a single uninteresting game throughout the day. The games were played in ideal tennis weather, on good courts, notwithstanding the heavy strain under which they have been put, and the grounds committee and groundsmen deserve credit for the fine playing surface.

The Young Players.

It is difficult to particularize when all performed so well, but the performance of the younger players was the outstanding feature. Wanbranchek, of Seattle, Press, of Vancouver, and Hudson, of Victoria, all played magnificently whether in doubles or singles.

To Entertain Spectators.

To-day's games will provide some matches worth coming a long way to see. All arrangements have been concluded for the entertainment of a large number of spectators, and tea will be served in the marquee under the oak. The presentation of prizes for three tournaments, viz.: American handicap, club handicap and the British Columbia open championship, will be made by Capt. Martin, R. N., at the close of the matches this evening, which is expected to be about 6.30 o'clock.

FRIDAY'S GAMES.

Ladies' Singles (Semi-finals).

Miss Lawson beat Mrs. Milne, 6-2, 6-4.
Mrs. Cushing beat Miss Mayme Macdonald, 7-9, 6-3, 6-3.

Men's Singles.

(Semi-final) Wanbranchek beat Fairbairn, 6-4, 6-3.
Verley beat Peers, 6-4, 2-6, 6-2.
Mercer beat Bouchier, 6-3, 6-2.
Milne beat Wanbranchek, 6-8, 6-4, 6-2.

Ladies' Doubles.

(Semi-finals) Miss Lawson and Miss Idiens beat Mrs. Sweeney and Miss Pitts, 6-4, 6-4.
Mrs. Cushing and Miss M. Macdonald beat Mrs. Milne and Miss Henderson, 2-6, 7-5, 6-2.

Mrs. Beart and Miss Armstrong beat Miss Colbourne and Mrs. Gillespie, 6-3, 6-2.

Men's Doubles.

Gordon and McCallum beat Lewis and Walker, 6-4, 6-3.
Mercer and Milne beat Leeming and Rev. S. Ryall, 6-2, 6-3.

Shannon and Wanbranchek beat Garrett and Fairbairn, 6-1, 6-2.
Shannon and Wanbranchek beat

Garrett and Richards, 6-4, 3-6, 9-7.

Mixed Doubles.

Mrs. Armstrong and Lewis beat Miss Cotsworth and McGill, 6-1, 6-1.
Mercer and Miss Henderson beat Harris and Mrs. Cushing, 6-2, 6-2.

Verley and Mrs. Sweeney beat Mrs. Armstrong and Lewis.

Boys Under 21.

Hudson beat Peers, 1-6, 8-6, 10-8.
At 3.30.

Winner of Verley vs. Mercer plays Milne.
Bons plays Taylor.

At 4.30.

Milne and Mercer play Wanbranchek and Shannon.

Mrs. Lawson and Miss Idiens play Mrs. Cushing and Miss Macdonald.

At 5.30.

Verley and Mrs. Sweeney play the winners of Mercer and Miss Henderson vs. the winner of Peers and Mrs. Rickaby vs. McCallum and Miss Pitts.

PHEASANTS ARE PEST, IS CLAIM MADE BY GORDON HEAD FARMER TO TIMES

A protest against the regulations regarding pheasant shooting is lodged by W. E. Hill, a well known Gordon Head farmer. Mr. Hill appears to have just claim for his protest by a sample of half a dozen potatoes which he exhibits. The potatoes are completely spotted, and he declares that the damage has been done by the pheasants. The Government has given a bounty of ten cents on crows, which rob the farmer by day. The pheasants, however, according to Mr. Hill, are equally destructive and do their work by night.

ON WILLOWS COURTS DURING TOURNAMENT

Some of the potatoes which Mr. Hill produced are nearly half eaten, with distinct marks of damage being done by birds. He estimates damage to the extent of from ten to twenty sacks in his potato crop from pheasants this year.

Chicago, Aug. 1.—It was announced to-day that Frank Troch, of Vancouver, Wash., star all-round shot, had accepted the challenge of Forest McNier, of Houston, Texas, to shoot for the Hercules All-Round Amateur Trophy on August 7. Other amateur and open trophies will be shot for August 8. The grand American handicap shoot opens August 10.

WILLOWS PARK TO BE SCENE OF AUTO RACES

Date Has Been Set For Two
Weeks Hence; Six
Events

The Willows will be the scene of auto races on Saturday August 14. That has been definitely settled and the work of preparing the track will be begun on next Monday. The races will be staged under the auspices and direction of the Victoria Automobile Dealers Association and every automobile and accessory dealer of this city is actively interested in making the race meet an unqualified success from every standpoint and it is to be an international meet. The committee in active charge is composed of Thomas Plimley, R. J. Jameson, Robert Playfair James Woods, Rube McMoran, H. A. Davis, Chris McRae, C. H. Willis, V. Rolfe, Mr. Morris of National Motor Co., Revercomb Garage, George Lillie, George Simpson and others.

At a meeting to be held early next week sub-committees will be appointed to attend to the different arrangements, and a motor parade is now planned for the morning of the races. The committee have invited the owners of every fast racing car, and crack race driver of the Pacific Northwest to

ON WILLOWS COURTS DURING TOURNAMENT

participate in the various contests and at least ten entries are expected.

Programme of Events.

A programme of six events will be held beginning promptly at 2.30 p.m. The following are the list of races and conditions:

Event No. 1. Free for all, mile against time, for a new world's record (under 1:40).

Event No. 2. Non stock, for cars of 350 cubic inch displacement or over. Eight miles.

Event No. 3. Non stock, for cars of 250 cubic inch displacement or under. Five miles.

Event No. 4. Free for all Victoria event. Non stock. Twenty miles.

Event No. 5. Non stock, for cars of 250 cubic inch displacement or under. Eight miles.

Event No. 6. Final dash. Non stock, for cars of 250 cubic inch displacement or over. Five miles.

May Have Speedway.

So enthusiastic are the automobile dealers over the prospects for the races that Thomas Plimley and others are already talking of a great mile and a half speedway for motor races to be ready by next year. R. J. Jameson, of Jameson, Rolfe and Willis this morning made the following statement: "The automobile and accessory dealers of Victoria will direct what we believe will be the greatest auto race meet ever staged in the Pacific Northwest over a dirt track. The interest in automobile racing has grown gradually in the past five years until the racing cars of this section can compete with the best of them, and we are assured that all of the best racing cars and drivers will attend the races at the Willows on August 14, and as the track is known to be very fast for motor cars we hope to see the world's record of 1:04 for a half mile dirt track lowered, which would give us a large amount of advertising. We will leave nothing undone to make the races a success." The committee have invited James Parsons of Seattle President of the Parsons Motor Car Co., Stutz distributors for the State of Washington, who was formerly known as Jim Parsons, "Speed King of the Northwest," to act as referee, and direct what the officials will be selected from the automobile dealers of this city. The sale of tickets will be opened on next Wednesday.

Chicago, Aug. 1.—The first series of automobile races held here this afternoon attracted a crowd of more than 10,000 persons. Jules Ellingbo was the winner of the first heat of the Western Canada sweepstakes, going 7.1-3 miles in 9.53. The races were wildly exciting all through.

THORPE LEADS IN NATIONAL LEAGUE

Sisler Boosts Average to .362
and Leads League in Total
Bases

Chicago, August 1.—Jim Thorpe, the Indian outfielder of the Boston Braves, has suffered a slump in hitting, but not enough to cause him to give up his position as leader of the National League. According to averages released to-day, Thorpe is hitting .366. Manager Cravath, of Philadelphia, continued to be the runner-up to Thorpe, with a mark of .353.

Benny Kauff, New York, tied Cravath for home run honors by making his ninth circuit drive.

Kauff also is high man in total bases with 156 to his credit. Jake Daubert, Cincinnati, maintained his lead as a sacrifice hitter with 23. Cutshaw, of Pittsburgh, passed his team-mate, Bigbee, in the number of bases stolen. Cutshaw has pilfered 25 to Bigbee's 23.

Other leading batters for thirty-five or more games:

McHenry, St. Louis, .319; Williams, Philadelphia, .317; Roush, Cincinnati, .316; Burns, New York, .314; Doyle, New York, .311; Kauff, New York, .310; Young, New York, .309; Daubert, Cincinnati, .306.

In the American League George Sisler, the leading St. Louis Star, has boosted his average from .346 to .362. Sisler also is leading the league in total bases with 180, made on 119 hits in 45 games. The St. Louis man has also taken the stolen bases honors from Johnston, of Cleveland, having 22 bases to Johnston's 21.

Roger Peckinpaugh, New York, has broken the tie for scoring honors by piling up 40 runs. Peckinpaugh counted 48 times to Sisler's 61.

Babe Ruth, of Boston, tied Seibold's American League record for home runs by cracking out his sixteenth circuit drive.

Ty Cobb is hovering near the top among the batters with a mark of .355, nine points behind Sisler; Witt, Boston, continued to be the best sacrifice with a mark of .37.

Other leading batters for thirty-five or more games:

Veatch, Detroit, .351; Peckinpaugh, New York, .343; Jackson, Chicago, .338; Flagstead, Detroit, .332; Rice, Washington, .326; Chapman, Cleveland, .321; Fawcett, New York, .316; Heilman, Detroit, .313; Gandil, Chicago, .314; Ruth, Boston, .313.

MANY YOUNGSTERS ARE
LEARNING TO SWIM

A number of young swimmers of the city are learning the art of swimming this season. The hot weather during the last few weeks, and the vacation combined, has daily attracted scores of children to the beaches, and the ranks of the swimmers of the city look like being constantly swelled by the prospective young champions. A lot of the juniors are training hard for the school championships that are to be staged at the Foundation Club's gala. Some of the novices are being taught to swim by Hal Alcock at the Gorge. Alcock has his own methods of instruction, and at the Victoria Swimming Club's gala last season exhibitions were given by some of his pupils who had learned to swim in half a dozen lessons. Alcock devotes two evenings a week, Tuesday and Thursday, in teaching the young element the nautical art.

GOLFERS ERECT OWN CLUBHOUSE

Plans Are Drawn; Work Is Being Done by United Service Players

Members of the United Services Golf Club have shown their initiative and originality in the erection of their new clubhouse, which is to be built near the street car line at Macaulay and Lyall Streets. The need of a building to take the place of the present clubhouse, which is being rented, had been felt for some time, and the members got together and decided to have a series of building bees to secure a new building.

Rustic Design.

Plans for an artistic new rustic design building have been drawn up, and the building is progressing rapidly. There will be five rooms to the new clubhouse, a ladies' locker, a men's locker, a professional's room, and a kitchen and dining room. The cost will be about \$1,600.

Members Do the Work.

All the work of putting up the clubhouse is being done by members of the club. The plans which were the source of general satisfaction and admiration were prepared by two members of the club, and other enthusiastic members are throwing away their golf clubs for a time during each visit to the links or devoting as much time as they can spare during the week and putting on workmen's overalls. Although the call to duty was only issued a little over a week, good progress has already been made and the clubhouse should be completed in good time.

UP ISLAND FOOTBALL LEAGUE ORGANIZED

Eight Teams Expected to Take
Part in Competition;
Officers Elected

The Up-Island Football League was organized at a meeting held Thursday night in the parlors of the Western Pastime Club, Nanaimo, and the following officers elected:

Hon. Presidents—Thomas Graham (Cumberland), R. Sprunt (Ladysmith), R. R. Wilson (Granby), and G. W. Benson (Nanaimo).

President—John Ovington (Nanaimo).

Vice-President—R. Wright (Ladysmith).

Sec.-Treasurer—W. Macdonald (Nanaimo).

Executive—President, Vice-President, Secretary and one representative from each club.

Six clubs were represented at the meeting, the delegates being Messrs. Brown and Walker for Cumberland, Porter and McKay for Granby, Bennie and J. English for Nanaimo, Stevens and R. R. Wilson for Ladysmith, and Watson for Ladysmith, and Frater and Ovington for the Reserve. The Ladysmith Athletics and South Wellington are expected to enter the League, although not represented at the meeting, making eight teams in all.

Messrs. Wright, of Ladysmith, Brown, of Cumberland, and Ovington, of Nanaimo, were elected to constitute the Up-Island Board of the U. I. F. A. The initiative fee for membership in the League being placed at \$10, all entries to be in by August 16, the opening game to be played on August 31.

Last night's meeting appointed a committee to draft the by-laws of the League and report to the next meeting.

The new boys will provide some bouts at Friday's show, and Benson and Matthews are also matched. Other

IN THE ACT!

SO YOU'RE A PICK POCKET,
EH? I'LL JUST SOAK YOU
WITH A TWENTY DOLLAR
FINE, OLD THING. DETECTIVE
MUTT, COLLECT THE FINE
FROM THE PRISONER!

WELL, AIX YOUR
HONOR, HAVE
A HEART!

YOUR HONOR, I'VE SEARCHED
HIM AND FOUND ONLY
SIXTEEN DOLLARS!

BUT THE FINE'S TWENTY DOLLARS.
TURN HIM LOOSE IN THE CROWD
TILL HE GETS THE OTHER
FOUR DOLLARS!

Victoria Daily Times

Advertising, Phone No. 1090

11111 for Classified Advertisements

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., etc. per word per insertion. Contract rates on application.

No advertisement for less than 15c. No advertisement charged for less than one dollar.

No. 424. No. of Application 21498-F.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register HAROLD HENRY HARE, as the owner in fee-simple, under a Tax Sale Deed from the Collector of the Corporation of the District of Oak Bay to Harold Henry Hare, bearing date the 23rd day of December, 1918, in pursuance of a Tax Sale held by said Collector on or about the 10th day of October, 1917, of all and singular that certain parcel or tract of land and premises situate, lying, and being in the District of Victoria, in the Province of British Columbia, more particularly known and described as Lot 25, Subdivision "A," Section 22, Map 1918.

You and those claiming through or under you, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act" (R.S.B.C. 1911), are required to contest the claim of the tax purchaser within thirty days of the service of this notice upon you, and in default of a caveat or certificate of the persons being filed before the registration, as owner, of the person entitled under such tax sale you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Harold Henry Hare as owner of the said land so sold for taxes.

Your attention is called to section 36 of the said Act (R.S.B.C. 1911, c. 137) and amendments.

Dated at the Land Registry Office, at the City of Victoria, Province of British Columbia, this 19th day of January, A.D. 1919.

F. J. STACPOOLE, Registrar-General of Titles.

I direct service of this Notice to be made by publication in four issues, one in each consecutive week, of a daily newspaper circulating in Victoria.

F. J. STACPOOLE, Registrar-General of Titles.

E. Coleman MacPherson, Registered and Assessed Owner.

JAMES PATERSON, Purchasing Agent.

Parliament Buildings, Victoria, B. C., July 25, 1919. No. 6220.

DEPARTMENT OF PUBLIC WORKS.

NOTICE TO CONTRACTORS.

Kamloops District.

Highway Bridge over the South Thompson River, Near Pritchard, B. C.

SEALED TENDERS, endorsed as above, will be received by the undersigned up to noon, August 15, 1919, for the erection and completion of a bridge over the South Thompson River. Plans, Specifications, Forms of Contract and Tender may be seen at the Department of Public Works, Parliament Buildings, Victoria, B. C.; at the office of District Engineer, B. C.; at the office of District Engineer, Kamloops, B. C.; and at the office of District Engineer, Pritchard, B. C., on and after the 28th instant.

Tenders must be accompanied by an accepted bank cheque or certificate of deposit, made payable to the Honourable the Minister of Public Works, for a sum equal to ten (10) per cent. of the tender, as security for the due fulfillment of the Contract, which shall be forfeited if the party tendering declines to enter into Contract when called upon to do so, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenders will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied and signed with the actual signature of the tenderers.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN, Public Works Engineer.

Department of Public Works, Victoria, B. C., July 24, 1919. No. 6591.

NOTICE.

Estate of Nora Pellow, Deceased.

Estate of Edward McDonald, Deceased.

All persons indebted to the above Estates are required to pay the amount of their indebtedness forthwith, and all persons having any claims against the said Estates are required to send in their accounts duly verified to the undersigned on or before the first day of September, 1919, after which date the Administratrix will proceed to distribute the Estates having regard only to such claims as shall have been received on said date.

Dated August 1, 1919.

WOOTON & HANKEY, Bank of Montreal Chambers.

IS GREATLY PLEASED WITH OBSERVATORY

Prominent Spanish Astronomer Is Visitor to Victoria

After visiting the leading observatories of America and studying astronomy during the past three years on this continent, Rev. Luis Rodas, S. J., of the Observatory of Elba, Tortosa, Spain, is a guest at the Bishop's Palace. Father Rodas is greatly pleased with the Dominion Astrophysical Observatory here, and particularly admires the telescope's mountings, as probably the most efficient known to science. He was cordially welcomed by Dr. J. S. Plaskett, the Director, who invited him to see the local instrument.

Father Rodas will profit by the opportunity afforded by his stay here to give a public illustrated lecture on the heavenly bodies on Monday evening at 8 o'clock in St. Ann's Academy Auditorium.

During the lecture the speaker will present a wonderful collection of lantern slides gathered during three years of study and research in the best observatories of this continent, among them Yerkes, near Chicago, Mt. Wilson in Pasadena, Cal., Mt. Hamilton, Harvard and others.

OBITUARY RECORD

The death occurred on Thursday at her home in Esquimalt of Della Roberts, aged twenty years, daughter of Mr. and Mrs. William Roberts. The funeral will take place Sunday at 1.30 from the family residence. At 2 o'clock service will be held at the Catholic Church at Esquimalt, Rev. Father Silver officiating.

"BILL" NEWTON RETURNS

Soil and Crop Expert of Provincial Government Back From Overseas Service.

After an absence of three and a half years overseas, Signaller William Newton, formerly soil and crop expert of the Provincial Department of Agriculture, returned to this city this morning. On his way back from France he stopped off in Montreal to visit his parents.

Along with several other members of the agricultural department Signaller Newton enlisted with the 5th Regiment, C. G. A., in January, 1916, and three months later transferred to the 62nd Battery, C. F. A., which left for overseas on May 28. In England he transferred to the 55th Howitzer Battery, and proceeded to France with that unit. He served until Armistice without a scratch and then "enjoyed" the march to the Rhine. On the return to Belgium he took advantage of a course offered to professional men, and went to Cambridge University for a few months to get a few pointers on agriculture.

Signaller Newton is a graduate of Macdonald College, Montreal, and was engaged by the Provincial Government about six years ago. He made a most successful instructor in regard to soils and crops.

Henry Rive, diary commissioner for the province, who left with Sig. Newton, is back in the city. He completed the war with the Fifth D. A. C. as a quartermaster-sergeant. Bomb. W. H. Robertson, horticulturist of the department, who also left with Sig. Newton, was seriously wounded when coming out of the line after breaking through at the Wotan Switch Line. He is now undergoing treatment at Halifax, N. S.

Friendly Help Meeting.—The Friendly Help Association will hold the regular monthly meeting on Tuesday morning, August 5, at 10.30 in the rooms, Market Building, Cormorant Street.

Some of V. A. S. C. Swimmers in the Long Distance Race To-day

Jack Marshall, Rosie Robertson, Jock McNeil, Grace Wellburn, Jerry Wellburn, Earl Squires, sitting.

AUDREY GRIFFIN, of the V.I.A.A. last year's winner of the race and champion lady swimmer who will have to swim hard to retain her laurels.

FRANCES BAILEY, another of the V.I.A.A. representatives. Miss Bailey has been staying at Seattle, but announced her intention of coming back for the big event.

ROSE ROBERTSON, of the V.A.S.C. Short distance star. Miss Robertson has already swum from the C.N.R. bridge to the V.A.S.C. clubhouse and will try to establish herself as a long distance swimmer.

GRACIE WELLBURN, V.A.S.C. long distance swimmer who is expected to make a good showing. She is one of the Wellburn family well represented in the race.

Evergreen Highway Association.—The officers of the Evergreen Highway Association who will be in Victoria on Monday have received an invitation to attend a meeting at the office of the Victoria and Island Development Association at three o'clock for the purpose of discussing Victoria's share in the All-the-Year-Round route from El Paso, Texas, to this city.

FRANCE, BRITAIN AND AMERICA.

(From the Toronto Star.) The special treaty engagements entered into with France by Great Britain and the United States, guaranteeing the protection of France in the event of her being attacked by Germany, are being interpreted in some quarters as expressing want of faith in the League of Nations. It was France that asked for and secured the extra guarantees contained in these special treaties. France was asked at the conclusion of the war to grant peace terms to the enemy which she considered more liberal than her own future safety would require. She was asked to accept the League of Nations as guaranteeing her safety, but France knew that the League, with many nations in it, would be subject to disruptive influences, and insisted upon special guarantees from Great Britain and the United States. These two powers, in a special way, endorse the guarantee of the League and undertake to make it good if the League does not. It is good business for France and for the peace of the world. Even if, in the course of a few years, German influence could succeed in breaking up the League, nothing would be accomplished by it, because the British and American guarantees of the security of France from German attack would stand.

Footman—"A gentleman to see you, sir." Mr. Newrick—"It isn't one of the family come on a visit, is it?" Footman—"No, sir, I said a gentleman."

Surprise Your Wife

by ordering us to transform your old bathroom into a handsomely equipped, modern, sanitary lavatory and toilet. Your reward will come in her delight and also in the sure elimination of the risk of illness attending an unsanitary bathroom.

OLD CAMPERS' RE-UNION

Seniors Who Attended Y. M. C. A. Camp and Have been Overseas to Picnic Next Saturday.

Arrangements have been completed for the holding of a re-union of all former senior Y. M. C. A. campers. It will take the form of a picnic to Cordova Bay next Saturday afternoon. Tally-hos will leave the Y. M. C. A. building at 2.30 o'clock. A fine programme of sports is being arranged, and the boys and their fair companions are anticipating a thoroughly enjoyable time.

The Y. M. C. A. camp has a most enviable war record. By the spring of 1916 practically every member of this camp had enlisted for service. Several of the boys paid the supreme sacrifice and others were wounded. Most of those who have returned are now back in this city, and the reunion will be quite an interesting function. Later in the season the boys plan to hold a banquet.

Committee to Act on Re-Grading.—The following committee has been named by the Provincial Civil Service Association to act with the Civil Service Commissioner in the work of re-grading: A. B. McNeill, president of the Victoria Branch of the association; H. Neville Wright, A. Hood and F. MacKenzie, the last named president of the provincial organization.

EMPLOYMENT SERVICE
BRITISH COLUMBIA
OF CANADA

EMPLOYERS

THE
EMPLOYMENT SERVICE
OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of the unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example:—

ENGINEERS
ARCHITECTS
BUSINESS EXECUTIVES
ACCOUNTANTS
SECRETARIES
TEACHERS

LAW CLERKS
COMMERCIAL ARTISTS
SALES MANAGERS
TRAVELLING SALESMEN
CHEMISTS
YOUNG COLLEGE GRADUATES

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

EMPLOYERS

Please state your requirements to the nearest office of the
EMPLOYMENT SERVICE OF CANADA
PROFESSIONAL AND BUSINESS SECTION

In each office the
INFORMATION AND SERVICE BRANCH
DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT
has a representative to render special service in the re-establishment of the returned soldier.

OLD CAMPERS' RE-UNION

Seniors Who Attended Y. M. C. A. Camp and Have been Overseas to Picnic Next Saturday.

Arrangements have been completed for the holding of a re-union of all former senior Y. M. C. A. campers. It will take the form of a picnic to Cordova Bay next Saturday afternoon. Tally-hos will leave the Y. M. C. A. building at 2.30 o'clock. A fine programme of sports is being arranged, and the boys and their fair companions are anticipating a thoroughly enjoyable time.

The Y. M. C. A. camp has a most enviable war record. By the spring of 1916 practically every member of this camp had enlisted for service. Several of the boys paid the supreme sacrifice and others were wounded. Most of those who have returned are now back in this city, and the reunion will be quite an interesting function. Later in the season the boys plan to hold a banquet.

Superior Trolling Spoon

A fisherman writes us as follows:—
July 27, 1919.
Please send four "Superior Spoons." We are fishing at Clewiston for a few days and yesterday caught 275 pounds, 200 pounds of which were caught on the "Superior." Then a big one snapped the line. The spoon I think is an excellent one. Will advise what luck I have with the ones you send.

OWNERS CONCEDED DEMANDS OF SEAMEN

Strike of Shipping Operatives
Averted on the Columbia
River

Portland, Ore., Aug. 2.—A tie-up of ships in Portland harbor was averted yesterday by acquiescence of steamship companies and shipping board officials in demands of operatives for wage increases.

The Masters, Mates and Pilots Association. It was said, demanded a straight ten per cent. increase for shipmasters, the establishment of a new minimum scale, gradations above which are to be based on the power and tonnage of vessels, and a few changes in working conditions.

The minimum scale proposed is \$275 per month for masters, \$175 for chief mates, \$140 for second mates and \$135 for third mates.

The demands of the sailors' union were for an increase in wages from \$75 to \$90 a month.

An agreement with employers embracing the terms demanded was reached, and went into effect on steam schooners at once.

Marlatt's Specific Removes Gall Stones 24 Hours

THE Never-Failing Remedy for Appendicitis

Indigestion, Stomach Disorders, Appendicitis and Kidney Stones are often caused by Gall Stones, and mislead people until those bad attacks of Gall Stone Colic appear. Not one in ten Gall Stone Sufferers knows what is the trouble. Marlatt's Specific will cure without pain or operation.

For Sale at all Drugists.

PROSPECTS ARE BRIGHT FOR FUTURE CONTRACTS

Foundation Officials Speak Optimistically Regarding Continuance of Operations Here — Record Payroll Stabilizes Business and Supports Large Percentage of Population.

"Things are looking better every day," was the diplomatic rejoinder of Manager Edward E. Jenkins, at the Point Hope plant this afternoon, when interrogated as to the prospects of the Foundation Company securing an additional contract for wooden ships. Spontaneous optimism exudes from all quarters in Foundation circles. The ships that have been turned out here have been lauded to the skies as the finest product yet created by any wooden shipbuilding yard on the continent. There is no question about this, as adequate substantiation on the point has been given by the French officials, inspecting the local yards in the interests of the French Government.

Contract Adds New Lustre.
The Foundation standard has been maintained in the construction, yards and the ship outfitting plant is busily engaged in establishing new records which will add new lustre to the Foundation Company's hitherto magnificent record.

An organization that is second to none has been built up in Victoria, and in the opinion of Foundation officials, it is inconceivable that such an efficient organization should be allowed to become stagnant for lack of contracts. The company is leaving no stone unturned in its effort to continue shipbuilding operations in Victoria, and in this effort the company should be backed up by wholehearted support of the entire community.

The Foundation Company is now at the peak of its operations on the French contract. By Christmas Eve the last of the twenty ships will be delivered, and with the launching of the Vancouver next Tuesday there will be a vacant shipyard yawning for the reception of another keel.

What the Foundation Company means to the continued business prosperity of the community is shown by the huge payroll of the company. For the two weeks ending July 15, the sum of \$264,721.75 was paid out in wages. This amount will be exceeded on August 5, when the disbursement in wages for the two-week period will be more than \$322,000, giving a grand total monthly payroll of well over \$600,000. This payroll has never been approached in the industrial history of the city. When the contract was inaugurated in September of last year the monthly payroll was approximately \$134,468. It has been gradually increased from month to month until the maximum was reached in July with \$587,000. This is equivalent to the expenditure of \$25,000 for each working day of eight hours for wages alone. The company has paid out on the present contract \$2,500,000 in wages, and before the contract is finished it is estimated that \$5,500,000 will have been disbursed among the employees of the company.

Over 4,000 men have been employed by the company, and a little figuring will give an idea of the percentage of the population that is being supported by the contract here. Apart from the huge payroll several millions of dollars have been expended among the saw-mills, the machine shops and supply agencies for materials that are finding a place in the French ships.

Bayly Hopkins' Tribute
On his visit here this week, Bayly Hopkins, vice-president and Northwest manager of the Foundation Company, predicted a continuance of the company's operations with the support of Victoria's citizens. Through the medium of the official organ of the Foundation organizations, he paid high tribute to the magnificent showing of the local yards and to the wonderful spirit that permeated the employees. He said:

"I wish I could tell each of the boys in these yards, individually, how much I appreciate the showing that is being made here now. Four hulls off, four ships away and four keels laid. There's a record to be proud of from an eight-way yard of this character. Between ourselves, it's worth just a little more than the satisfaction of having done good work; it will be worth a meal tickled for the winter if I am any guess."

Liner Grampian Narrowly Escaped Fate of Titanic

The accompanying pictures give a good idea of the extensive damage sustained by the Canadian Pacific Ocean Services liner Grampian, which on July 10 struck an iceberg off the Atlantic coast when en route from Montreal to Liverpool.

The berg projected above the waterline, which fortunately saved the Grampian from the fate of the Titanic. The damaged liner succeeded in putting back to St. John's, Newfoundland.

The pictures were supplied by Flight-Lieut. W. D. Robertson, son of W. Fleet Robertson, of this city.

BUDDING SEAMEN LEAVE ON CRUISE

Fifty Youthful and Highly-Enthusiastic Jack Tars Sail on Restless For Training

NAVY LEAGUE PLANS TO ACQUIRE TRAINING SHIP

Fifty enthusiastic youngsters, forming the nucleus of the crews that it is hopefully anticipated will man Canada's navy and merchant marine, left port this morning on the first instructional cruise under the auspices of the local branch of the Navy League of Canada.

Brimming over with enthusiasm and displaying a wonderful keenness in participating in what was to them a new adventure, these embryo seamen, all Victoria lads hailing mostly from the James Bay district, boarded H. M. C. S. Restless at the Pacific Salvage Company's wharf at 7 o'clock this morning and put to sea on a week-end cruise. The Restless, which has been loaned by the Department of Naval Service to the local branch of the Navy League, will proceed as far as Lady-smith and is expected to return to this port to-morrow night. Captain Moore is the navigator in command of the Restless and the members of the Boy's Naval Brigade are in charge of Lieut. W. M. Hotham, R.N., Lieut. P. Houghton, R.N., and Lieut. J. W. A. Legge-Willis.

Smartly Uniformed.
In the regulation white drill the little fellows presented a particularly smart appearance as they fell in on the after deck of the Restless. They obeyed orders promptly and displayed a keenness for work that should make them apt pupils.

On this voyage the budding seamen will be initiated into the mysteries of steering, reading the compass and heaving a lead line. By the time they return from Lady-smith there is every reason to believe that the cadets will be proficient in these duties.

At least if the boys can be taught the rudiments of steering, compass reading and lead heaving, the officers will be well satisfied. The Restless is not adapted for training purposes as she is but poorly equipped for the purpose and lacks sufficient deck space for drilling. It is shortly proposed to recruit a ship's company at Esquimalt and Oak Bay, a large number of inquiries having been made at the Navy League offices by interested parents.

Large Training Ship.
In the future it is planned by the Navy League to acquire a training ship, of the pre-dreadnought class if possible, to be stationed at Esquimalt for the training of sailors. The proposed ship would have accommodation for about four or five hundred boys.

Skinner and Eddy To Build Tonnage On Its Own Account

Seattle, Aug. 2.—Announcement was made last night that the Skinner & Eddy Corporation, which has ranked high among the nation's war time shipbuilding companies will construct four large steel carriers on its own account as soon as vacant ways are available. It is understood that the company contemplates operation of the vessels.

THREE REGULAR O. S. K. STEAMSHIPS DUE THIS MONTH

Of five large ships of the Osaka Shosen Kaisha due on the Pacific coast this month, three of the regular passenger liners are due to touch at Victoria. The liner Chicago Maru, with 6,000 tons of cargo in her holds, is due to make this port August 8. She will be closely followed by the liner Arabia Maru, carrying 10,000 tons, and towards the latter part of the month the liner Manila Maru, is listed to arrive. The Java Maru and the Malay Maru are freighters which touch at Puget Sound ports.

PRESIDENT AWAY.

Carrying a full list of passenger the Admiral Line steamship President left the Outer Docks at 8 o'clock this morning for San Francisco and Wilmington.

—the would-be diner asked, "How long has this restaurant been open?"

"Two years," answered the proprietor.

"I am sorry I did not know it before," said the guest. "I would be better off if I had come here then."

"Yes," smiled the proprietor, very much pleased. "How is that?"

"It should probably have been served by this time if I had," said the guest who left the restaurant in a rage.

URGENT TAX RELIEF FOR RETURNED MEN

In Reply to Delegation's Arguments, City Will Ask Legislature for More Powers

That the accumulation of city taxes amounted to a fine on patriotism, and that the municipal authorities should undertake measures to relieve returned men of the burden of taxation were the contentions of a delegation from the Great War Veterans' Association which waited upon the Streets Committee yesterday afternoon. On the proposal of Alderman Sargent it was decided that the City Solicitor should make an effort at the next session of the Legislature to apply for authority to grant to returned men the same benefit as was accorded other ratepayers until this spring in the payment of arrears. This plan would entail the application of the ten-year-alleviation clause, so that soldiers would be asked to pay only the taxes of the current year, with ten per cent. of the accumulated debt, and half of the interest from year to year.

The delegation from the Veterans' Association consisted of H. W. Hart, W. Food and P. Christianson. Mr. Hart declared in commencement that prevailing conditions of taxation amounted to a penalty on patriotism, for taxes had so mounted up in the soldiers' absence that it was nearly impossible to pay them. Particularly oppressive was this circumstance upon men who had been crippled in war, and whose earning power had decreased. The army pay and allowances, declared Mr. Hart, could not meet the taxes of the average soldier. Widows, of course, suffered most for their allowance was so small that it served barely to keep body and soul together.

Taxes Piled Up.

"Soldiers returning to their homes," asserted Mr. Hart, "find that during their absence a burden of debt has been piling high, and that kind of thing eats into a man's spirit. These soldiers feel that they are not getting a square deal; they feel that they have been fined for their patriotism, for had they not gone overseas many of them would probably have enjoyed large wages and kept the debts down."

While he did not say any concrete plan of relief before the Council, Mr. Hart urged that the aldermen take into serious consideration the arguments advanced and decided upon some plan that would remove the crushing burden of taxes from the returned soldiers. As an alternative scheme he suggested that an advisory committee of returned men be appointed to assist the City Council in matters concerning returned men.

Alderman Sangster recalled that the matter of tax relief for soldiers had been considered in committee at the last session of the Legislature. While Victoria was ready to proceed with such a scheme at that time, it was realized that such a plan would have to be applied generally throughout the Province. But some of the municipalities were unable to meet the cost of such an arrangement.

Mr. Hart urged in reply that the Council bring up the question again with the hope that success might crown the second effort.

Passing the Buck.

Alderman Sangster suggested that the deputation take the matter up with Victoria's representatives in the Legislature. Mr. Hart replied that the city's backing in the matter would be of great assistance. The veterans, he stated, had been referred from the Dominion Government to the Province and from the Province to the city. The whole process seemed to lead nowhere. Though he fully realized that the city would be in an awkward predicament if it tried to afford the soldiers relief, Mr. Hart suggested that the municipal authorities might commence general agitation with a view to getting relief from the Dominion Government.

Mr. Food proposed that a plan of relief which would credit a soldier with the payment of taxes for every year he served overseas should be drawn up. These contentions were supported by Mr. Christianson, who declared that it was wrong that the returned men should be penalized with debt.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day come new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful blood-renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is take two small chocolate-coated tablets with a sip of water at the close of each meal.

Ferrozone is a marvel. It contains just what thin blood lacks—lots of iron, but mark you, the kind of iron your blood is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich, red and nourishing. Naturally the body is better fed and grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the buoyant, joyous sensation of health and vigor. Day by day as your strength increases you feel new energy surging through your veins, and know that a great tonic of great merit is at work.

No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nutriment than you can get in any other way. 50c. per box or six for \$2.50 at all dealers, or by mail from The Catarrhose Co., Kingston, Ont.

"Do you know anything about, flirting?" asked Ethel.

"No," replied Jack, sadly. "I thought I did, but when I tried it the girl married me."

A New Showing of Women's Summer Waists at \$2.00 and \$3.50

Just arrived, a new group of those ever popular price Waists, the Waists that cost so little and still give such never-failing and complete satisfaction. Slightness is the possession of every Waist, but far more than that, they're a most sensible and serviceable Blouse, for they are made of quality fabrics and in such a dependable manner as to absolutely insure long and satisfactory wear.

We are exceedingly anxious to have every woman and girl of waist-wearing age get acquainted with these new models, for acquaintanceship with this favored Blouse means its purchase repeatedly; it means a habit of true economy which brings to one who practices it a lot of genteel, pretty, distinctive Blouses for a very small expenditure.

ST. LUCIA HARRISON

Subject of Discussion at Meeting of Comrades of the Great War Last Night.

At the regular meeting of the Comrades of the Great War held last evening a discussion arose as to whether or not the St. Lucia garrison was entitled to consideration from the Canadian Government. Many of the boys who enlisted here in 1914 were sent to the West Indies and remained there on garrison duty until hostilities ceased. Some of them went on draft to France, while others remained with the garrison.

On being discharged the men who formed the garrison were given a Class "C" badge and are not entitled to consideration under the land settlement scheme. The men do not consider they are receiving fair treatment. The St. Lucia boys claim that they went overseas several years ahead of the Siberian contingent.

President Abrahams brought to the notice of the meeting that the Salvation Army and pipers' bands were not remunerated for their services in the Peace Day parade. The comrades decided to grant \$50 to the pipers and admit free all pipers eligible for membership in the organization, and those not eligible to be made honorary members.

Comrades Pierce, Mee, Day and

Lawrence were elected as additional members to the central council.

Gilt on china will not last long if soda is used in the washing of it. Use soapy water for washing tea-cups, etc., patterned with gilt, and keep soda carefully away from them.

It Works Wonders On Catarrhal Colds

LEG CRUSHED BY ROPE

Beverly Palmer Badly Injured on Board Steamer Princess Maquinna.

Caught in the bight of a rope on the deck of the steamer Princess Maquinna, Beverly Palmer, the sixteen-year-old son of Deputy Chief of Police Thomas Palmer, was severely injured yesterday afternoon. His left leg was badly crushed above the ankle. The

cries of the lad brought immediate assistance, and on being released he was rushed to the St. Joseph's Hospital. For a time it was thought that the injured leg might have to be amputated but the doctors hope to be able to save it.

The sons of Mr. and Mrs. Palmer have been very unfortunate. The eldest boy was killed in France in 1915, and another son nearly lost his hand in the shipyards a few months ago.
